

Jinchang Hydraulic Rock Drill

In 2019, Jiangxi WOSERLD Hydraulic Rock Drilling Co., Ltd. was established in Pingxiang, Jiangxi Province. Over the years, WOSERLD has gradually become one of the globally ...

The new high frequency Drillcom series hydraulic drifters have the lowest operating cost of any rock drills. They operate on extremely low hydraulic oil flow and pressure that result in less ...

Lieyan is a leading manufacturer of hydraulic rock drills and splitter attachments in China, providing you with the best hard rock breaking solutions.

Our Hydraulic Rock Drill, the HD20, has a built in air compressor that removes drill cuttings from the hole. and makes drilling a breeze.

This drill is the best replacement for traditional pneumatic drills in most operation. The drill is compact in structure, simple in operation, light in total weight.

With advanced hydraulic drilling technology, this rig supports both DTH air drilling and mud rotary drilling methods, making it suitable for diverse terrains and drilling conditions.

We provide provide complete sets of equipment and solutions for underground engineering projects including mucking loader, underground loader, ...

Operators appreciate the high performance and reliability of our blasthole drills, packed with features that make operation easy and reduce the worries of downtime. All Furukawa rock ...

Rock Drill is a kind of digging machinery, which is widely used in road construction, infrastructure construction, mining and other industries. Rock ...

RD-M Series Hydraulic Rock Drills. The RD-M Series is a range of high-performance hydraulic rock drills engineered for mining, tunneling and rock excavation.

Discover the mechanics of hydraulic percussive rock drilling and how it boosts efficiency in excavation and construction across industries.

China leading provider of Rock Drilling Rig and Water Well Drilling Rig, Beijing Jincheng Mining Technology Co., Ltd. is Water Well Drilling Rig factory.

The Hycon HRD30 hydraulic rock drill is a "all-in-one" high performing handheld hydraulic drill designed for

Jinchang Hydraulic Rock Drill

the toughest drilling applications 2,4 meters of ...

The ZONDAR Hydraulic Rock Drill is a high-performance, portable drilling tool designed for hard rock excavation, emergency rescue operations, underground mining, and civil construction. ...

Traxxon is a leading supplier of surface drill rigs from Sandvik in Canada, providing precision rock drilling equipment for challenging applications.

The integrated rock drill and splitter is a non-blasting rock crushing equipment that integrates rock drilling and splitting rock. The perfect combination of rock ...

Operators appreciate the high performance and reliability of our blasthole drills, packed with features that make operation easy and reduce the worries of ...

Depending on the supporting method, rock drill can be classified into hand-held rock drill, leg-support rock drill, and vehicle-mounted rock drill. Depending on the power ...

The integrated drilling and splitting machine is a kind of engineering machinery that integrates the functions of drilling and splitting. It directly installs the rock ...

Our factory mainly produces four categories of products, i.e. rock drills, rock drilling machines and rigs, rock drilling tools and pneumatic tools. Its products are widely used in such fields as traffic ...

The HYCON HRD28X hydraulic rock drill is a high performing handheld rock drill designed for the toughest drilling applications in granite and concrete up to 6 meters of drilling depths.

Hydraulic rock drills offer greater power and are typically used for heavy-duty drilling tasks; they are common in large-scale construction and ...
