

Jumbo boom drill rig

Sandvik DD210 is a compact, flexible single-boom electro-hydraulic jumbo for tunneling and mining development in cross sections up to 24 m². With its ...

TECHNICAL SPECIFICATION Sandvik DT821 is a two-boom electro hydraulic jumbo for fast and accurate drilling in tunneling and cavern excavation. The hydraulic controlled drilling system ...

The underground jumbo drill rigs from Epiroc are used for blast hole drilling in underground mining and tunneling. The rigs are equipped with up to four ...

Sandvik DT1132i is a fully automated tunneling jumbo with three electro-hydraulic booms. Equipped with Sandvik RD535 powerful rock drill, DT1132i reduces drilling time, increases ...

KJ421 hydraulic tunneling drilling rig is a two-boom jumbo designed for drilling vertical, inclined and horizontal blast holes and bolt holes.

Professional manufacturer of mining boomer, face drilling rigs, drilling jumbo in China. Founded in 1992, Jiangxi Siton Machinery Manufacturing Co., Ltd., specializes in research, development, ...

Designed for flexibility and productivity, the ZJ21 is a jumbo drill on a common-carrier platform that makes operator training and adoption on the controls easier and faster. The ZJ21 also offers ...

Drill Jumbos Series Product Our advanced underground drilling jumbo products are engineered for precision and efficiency in mining tunnels. Equipped with ...

Production Long-hole Jumbo RAPTOR 7X Long-hole Jumbo Boom style long hole rig for large sections. HC112 Montabert drifter - 30 kW. Hole length up to ...

The "All Star" two-boom rig Boomer 282 is a world popular face drilling rig installed with two robust BUT booms and available with a variety of rock drills. Stable and highly efficient performance ...

We engineer an extensive range of underground drill rigs for mining development and production. Available in a variety of feed lengths, boom configurations and size classes, our underground ...

Sandvik DT912iD is a self-contained, diesel-hydraulic high-reach single boom jumbo. Designed for fast, accurate drifting and production drilling, it is ideal for ...

DD311 DEVELOPMENT DRILL TECHNICAL SPECIFICATION The Sandvik DD311 is a single-boom

Jumbo boom drill rig

electro-hydraulic jumbo, designed for fast and accurate drilling within drifting and ...

Explore drilling machines for highway, mining, and hydropower tunnels. Featuring drilling jumbos and rock bolting rigs for efficient, safe construction. Enhance ...

Front Face Jumbos Troidon 66 Front Face Jumbo Two booms with parallel holding For use in tunneling development of up to 45m; Diesel propelled heavy duty 4WD Carrier Articulated and ...

SITON is a professional manufacturer and supplier of jumbo drill machines in China. Double boom jumbo is a kind of two boom underground drilling jumbo machine typically used in tunneling ...

The underground jumbo drill rigs from Epiroc are used for blast hole drilling in underground mining and tunneling. The rigs are equipped with up to four booms, covering cross sections from 6 m ...

ZERO EMISSIONS UNDERGROUND DEVELOPMENT Sandvik DD422iE is the mining industry's first highly-automatic development jumbo with an electric driveline system, engineered to meet ...

The Fletcher J152-D/E model dual boom jumbo is designed for development and production drilling in headings up to 28 ft. wide by 21ft. high (8.5 m high by 6.4 ...

Front Face Jumbos Troidon 66 Front Face Jumbo Two booms with parallel holding For use in tunneling development of up to 45m; Diesel propelled ...

Sandvik DT821 is a two-boom jumbo designed for fast, accurate tunneling and cavern excavation drilling. It can be equipped with hydraulic or electronic drilling systems. Automatic functions ...

Siton DW2-120 two booms drilling jumbo is specially designed for tunnels of high-speed railway, water conservancy and hydropower projects, national defense ...

CYJT45/2 is a heavy-duty, double-boom drill jumbo developed for high-efficiency operations in medium to large underground tunnels. Featuring a full-hydraulic control system, it enables ...

The document provides technical specifications for the Sandvik DD311D-40E single boom electro-hydraulic jumbo drill. It has capabilities for drilling using ...

TECHNICAL SPECIFICATION Sandvik DT922i is an advanced control-system based electro-hydraulic two-boom jumbo to provide top-level performance, accuracy and reliability for ...

DD421 DEVELOPMENT DRILL TECHNICAL SPECIFICATION Sandvik DD421 is a two boom electro-hydraulic jumbo for fast and accurate drilling in drifting and tunneling of 8 - 60 m² cross ...

Jumbo boom drill rig

DD4-2b development drill rigs are a kind of mining hydraulic drilling rigs in underground mines project. This blast hole drilling rig machine is equipped ...

TECHNICAL SPECIFICATION Sandvik DD321 is a compact two-boom jumbo for demanding conditions and multiple applications. The jumbo is capable of face drilling, cross-cut drilling ...
