

Jumbo mining drilling rigs

Enhance your mining development with the DD321 drill rig by Sandvik. It's a development rig designed for efficient underground drilling, ensuring precision.

Elevate your mining efficiency with the DD311 underground drill by Sandvik. This development rig is engineered for reliability and precision in underground drilling.

ROBODRILL specialize in the design, the manufacture and the rental of underground drilling rigs. ROBODRILL send its jumbos all around the world. Products Automated or manual jumbos 1 ...

Sandvik DT912iD is a self-contained, diesel-hydraulic high-reach single boom jumbo. Designed for fast, accurate drifting and production drilling, it is ideal for ...

Underground drill rigs are our specialty. Explore one of our eleven jumbo drills, each differing in application, size, power system and number of booms.

Additionally, the ITH longhole drill rig also flushes out debris with pressurized water. These rigs are designed with mobility and accuracy in mind. Low Profile Drill Rigs Low profile drill rigs are ...

Sandvik DT821 is a two-boom jumbo designed for fast, accurate tunneling and cavern excavation drilling. It can be equipped with hydraulic or electronic ...

ZERO EMISSIONS UNDERGROUND DEVELOPMENT Sandvik DD422iE is the mining industry's first highly-automatic development jumbo with an electric driveline system, engineered to meet ...

Explore drilling machines for highway, mining, and hydropower tunnels. Featuring drilling jumbos and rock bolting rigs for efficient, safe construction. Enhance your engineering solutions with ...

Muki Long-hole Jumbo For sections from 2.5 x 2.5 m 4WD heavy duty diesel carrier Width of 1.05 m Equipped with Montabert drifter HC 50 (13 kW) Drilling ...

Reliable, accurate and predictable drilling The new booms of the Boomer M20 S jumbo drill rig feature internal hydraulics and a hoseless design. This means less unplanned downtime for ...

Kaishan Jumbo Tunneling KJ311 Hydraulic Underground Mining Drill Rigs KJ311 is a hydraulic drifting jumbo designed for 12-35 m² cross section in ...

CMM Equipments engineers develop and produce custom drills for your mining and underground works.

Jumbo mining drilling rigs

Discover the wide range of drilling solutions we offer.

Muki Long-hole Jumbo For sections from 2.5 x 2.5 m 4WD heavy duty diesel carrier Width of 1.05 m Equipped with Montabert drifter HC 50 (13 kW) Drilling Feed available for 0.9 or 1.2 m drill ...

Reliable, accurate and predictable drilling The new booms of the Boomer M20 S jumbo drill rig feature internal hydraulics and a hoseless design. This means ...

Professional manufacturer of mining boomer, face drilling rigs, drilling jumbo in China. Founded in 1992, Jiangxi Siton Machinery Manufacturing Co., Ltd., specializes in research, development, ...

Underground Drill Jumbos The reliability of your jumbo drill is essential in underground mining. Stay productive with quality mining jumbo drills with anti-jam circuit, a rock responsive drill ...

Drilling jumbos are usually used in underground mining, if mining is done by drilling and blasting. They are also used in tunnelling, if rock hardness prevents use of tunnelling machines. It is ...

Epiroc's rugged face drilling rigs are built for blast hole drilling in underground mining and tunneling. Choose your model of jumbo here and read more!

Discover how jumbo drills work and the mechanics behind their powerful drilling capabilities. Learn about the various components and ...

Sandvik DD422iE is a battery-powered mining jumbo designed to remove emissions while tramming. It reduces noise, thermal load and requirements for ventilation capacity, making the ...

The underground jumbo drill rigs from Epiroc are used for blast hole drilling in underground mining and tunneling. The rigs are equipped with up to four ...
