

Kaishan down-the-hole drill rig kt5 parameters

The KT20S integrated dual-power down the hole drill rig for open use is a heavy duty piece of drilling equipment developed by our company. It is fully equipped to meet the needs of large ...

KS311 hydraulic drilling rig is used for blast hole and drilling anchor hole, it can operate in the section with 3.5-5m width and 3.5-5m height. the drill boom can be rotary 360°; it can drill in 3m ...

KT series drill rigs have the characteristics of high efficiency, environmental protection, energy saving and safety. Automatic drill change and powerful off-road performance reduce rig assist ...

With the advantages of a compact and sturdy structure, reliable performance, easy maneuverability, and safe and environmentally-friendly operation, the integrated open-air DTH ...

KT5/YCT5 Integrated Surface DTH Drilling Rig "Kaishan"; KT5/YCT5 Integrated Surface DTH Drilling Rig is advanced drilling equipment integrating down-the-hole drilling system and screw ...

Zhejiang Kaishan Heavy Industry, part of Kaishan Group, manufactures advanced drilling equipment for mining, military, and construction. We offer safe, efficient, and customized ...

Brief info: Kaishan Model KT5 Down The Hole Air Tracking diamond core drill machine, US \$ 19,770 - 25,885, New, 1 year, Field maintenance and repair service. Source from Zhengzhou ...

The drill rig equipped with a single stage pressure screw air flow (10m³ / min), pressure (1.5MPa), it uses the wind pressure pneumatic drill impact, high ...

Equipped with the Yuchai China stage III Engine, the drill rig meets national standards for emissions and environment. It is typical of energy conservation, efficiency, safety, environment ...

The open-pit down-the-hole drill rig integrates a down-the-hole drilling system and a screw-type air compression system into a single unit. It is capable of drilling vertical, inclined, and ...

"Kaishan"; KT6C Integrated Surface DTH Drilling Rig is advanced drilling equipment integrating down-the-hole drilling system and screw air compressor system. With compact structure, it is ...

The KT5C Integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

Kaishan down-the-hole drill rig kt5 parameters

KT5C integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, It is capable of drilling ...

The drill rig equipped with a single stage pressure screw air flow (10m³ / min), pressure (1.5MPa), it uses the Working pressure pneumatic drill impact, high efficiency, low energy ...

Our KT5C Integrated down the hole drill rig for open use is an advanced drilling device with an integrated screw air compressor system. The equipment is compact in structure and mobile ...

The drill truck has a compact structure and is an organic combination of open-air down-hole drill trucks and medium air pressure screw machines.2. The drilling rig is equipped with a single ...

The KG520/KG520H down the hole drill rig is designed for large and medium-sized quarries and contractors. The drill rig features a folding frame track and ...

"Kaishan" KT5/YCT5 Integrated Surface DTH Drilling Rig is advanced drilling equipment integrating down-the-hole drilling system and screw air compressor system. With compact ...

The KT25 integrated down the hole drill rig for open use can drilling vertical,inclined and horizontal holes,mainly used for open-pit mine,stonework ...

KT5 integrated open-pit DTH drilling rig is a drilling equipment that integrates DTH drilling system and screw air compression system. It can drill vertical, inclined and horizontal holes, and is ...

"Kaishan" KT5C Integrated Surface DTH Drilling Rig is advanced drilling equipment integrating down-the-hole drilling system and screw air compressor system. With compact structure, it is ...

Are you wondering which kind of drilling rig and compressor are the best choices? Maybe you can find the answer in KAISHAN Group. We are the biggest air ...

"Kaishan" brand KT5 integrated open-air down-the-hole drill truck is an advanced drilling equipment integrating down-the-hole drilling system and screw air compression system, with ...

Kaishan's KT5 medium pressure integrated drilling rig combines a DTH drilling system and screw air compressor system. With the advantages of a compact and sturdy structure, reliable ...

KT5 is used in a quarry in Congo, where our engineers are on-site and teach workers how to use it. KT series down-the-hole drilling rigs have fast drilling speed in quarries, easy operation, and ...

The Kaishan KT15 high pressure integrated drilling rig is specially designed as a high efficiency mining

Kaishan down-the-hole drill rig kt5 parameters

machine for large scale open-pit mines based on our years of experience designing ...

Q1: Are you a manufacturer? A: Yes, we are a professional down the hole drill rig and top hammer drill rig manufacturer. Q2: What does your company produce? A: The main products of our ...
