

Kaishan kt6 down-the-hole drill rig

KT7D integrates down-the-hole drilling system and screw air compressor system. It is a state-of-the-art drilling equipment capable of drilling vertical, inclined and ...

Categories: All Products, Kaishan Drilling Rigs, Rock Drilling Tools Description: The KT11 integrated surface DTH drilling rig utilizes a single Cummins three-cylinder diesel engine with ...

Kaishan drilling rig is best for quarrying, surface mining, underground mining, construction, exploration drilling industry applications. Best Services!

The ZT11 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes.

The ZT10 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of ...

KT10 integrated down the hole drill rig The KT10 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive ...

ZT10 Integrated Down the hole Drill Rig for Open Use The ZT10 integrated down the hole drill rig for open use is an advanced piece of drilling equipment developed by Kaishan Group to meet ...

Zhejiang Kaishan Heavy Industry, part of Kaishan Group, manufactures advanced drilling equipment for mining, military, and construction. We offer safe, efficient, and customized ...

Categories: All Products, Kaishan Drilling Rigs Description: The ZT5 integrated open-air DTH drilling rig is an advanced equipment featuring an automatic rod-changing system and ...

Our products include borehole drilling rig, water well drilling rig, industrial piston air compressor, and construction tools and parts. With more than 60 years of ...

A high air pressure screw rod with our intellectual property is mounted on the machine. KT5C Integrated Down the hole Drill Rig for Open Use The KT5C ...

KT9C Integrated DTH Drilling Rig The KT9C integrated open-pit down-the-hole drilling rig is an advanced drilling equipment designed for blasting and pre ...

kaishan dth drilling rigs are designed for high-capacity rock drilling in quarries, opencast mines & rock

Kaishan kt6 down-the-hole drill rig

excavation. Call us for a FREE quote now!

KG610 Down The Hole Drill Rig KG610 folding frame track and four wheel drive are adopted; Add track leveling cylinders and the plunger piston tramming motor improves the working pressure ...

The KG420/KG420H drill rig is a hydraulic, diesel powered, self-propelled down the hole rig, designed for open use drilling operations. Equipped with a Yuchai four-cylinder engine, the drill ...

Our KT15 integrated surface DTH drilling rig is designed by drawing inspiration from previous models. It can satisfy most needs of operators by providing a ...

The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating a down the hole drilling system and screw air compression system.

KS311 hydraulic drilling rig is used for blast hole and drilling anchor hole, it can operate in the section with 3.5-5m width and 3.5-5m height. the drill boom can be rotary 360°; it can drill in 3m ...

The KT11 integrated down the hole drill rig is driven by a high power Cummins China stage III diesel engine with a two-terminal output that can drive the ...

Down the hole drilling rig has a hydraulic wet dust removal system with adjustable water volume and water pressure, and water pressure alarm function. The rig ...

KT25 open-pit down-the-hole drilling rig is a new type of drilling equipment carefully designed for the needs of large open-pit mines on the basis of years ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework ...

Kaishan KQD120 dth drill rig tackle hard rock & complex formations with ease. Reliable & efficient. Drill contractors' best friend!

KAISHAN provides a full range of drilling rigs designed for different applications in the mining, tunneling, and other infrastructure industries. Our product line ...

Kaishan drilling rig is designed for construction drilling, quarrying, surface mining, underground mining, exploration drilling and dimension stone industry applications.

The KG520/KG520H down the hole drill rig is designed for large and medium-sized quarries and contractors. The drill rig features a folding frame track and ...

Kaishan kt6 down-the-hole drill rig

The KT9D integrated down the hole drill rig for open use is an advanced drilling device integrating the hole drilling system and screw air compressor system. It is capable of drilling ...

The KT20 integrated down the hole drill rig for open use is a new drilling device developed by our company after years of development and production of ...

The KT9C integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast ...

The Kaishan KT15 high pressure integrated drilling rig is specially designed as a high efficiency mining machine for large scale open-pit mines based on our years of experience designing ...

"Kaishan" KT6C Integrated Surface DTH Drilling Rig is advanced drilling equipment integrating down-the-hole drilling system and screw air compressor system. With compact structure, it is ...
