

Kerui oil drilling rig

The main products manufactured and supplied include drilling equipment, Oil pumping equipment, Special equipment for oilfield, Oilfield tubing system and ...

It is committed to offering you customized, highly efficient drilling equipment and service. KERUI has offered 480+ sets of well drilling and workover equipment in 60+ countries and regions.

Arctic drilling rig is the arctic onshore cluster well with the maximum drilling depth of 4000-7000m. It is mainly used for exploration and development of oil & gas at low temperature environment (...

KERUI has offered 480+ sets of well drilling and workover equipment in 60+ countries and regions. We are committed to offering you customized, highly efficient drilling & workover ...

We focus on integrated international drilling and workover engineering services. The company has the capabilities of integrated wellbore engineering services such as pre-drilling, drilling, ...

????????????????????,????:?? ...

On December 29, Binzhou Metalforming Machinery Factory (referred to as "Binzhou Drilling Rig") and Kerui Oil & Gas Equipment Co., Ltd. (referred to as "Kerui Oil & Gas") successfully signed ...

KERUI Petroleum and Kuwait BAHMAN successfully signed 4 sets of high-end land drilling rigs contract in a value of over USD 55 million. This is ...

Kerui Petroleum is a Chinese oil services and equipment company. It provides equipment and EPC services for oil drilling and production and natural gas plants. The Middle East ...

KERUI devotes itself to designing and building professional and top-quality truck mounted drilling rigs with power ranging from 450HP to 1000HP, which can ...

The 3rd generation fast moving drilling rig of KERUI based on 2nd generation fast moving drilling rig is developed by KERUI in 2014, which is creatively integrated mast, substructure, ...

On July 5, KERUI Petroleum and Kuwait AREC signed two sets of 3000HP intelligent ultra-deep well drilling rigs contract in a project value of ...

KERUI Petroleum has 7 large top-class oil equipment manufacture bases which included 9 series and more

Kerui oil drilling rig

than 300 categories. Drilling and workover ...

The drilling rig is the onshore drilling rig with the maximum drilling depth of 4000m, which is used for exploration and development of oil & gas with well depth of 2500~4000m (DP: 4-1/2" or ...

The land drilling rig is used for oil and gas exploration and development on wells that are 3500-5000m (drill pipe 4 1/2" or 2800-4500m (drill pipe 5" deep. Maximum drilling depth 5,000 m.

More than 10 sets of Kerui drilling and work-over rig are in operated actively in the vast Sahara area, contributing a great force to the oil exploitation and steady increase in Africa.

The document describes various components of oil drilling rigs. It provides descriptions of 14 different rig components, including the crown block, derrick ...

ZQ drill pipe power tong is ideal tool for oil & gas drilling, widely applied for makeup and breakout in offshore and onshore drilling operations and workover operations.

The truck-mounted drilling and work-over rig provided by Kerui Petroleum & Gas Equipment is customized for the special service environment, which can adapt to 55 ° high temperature ...

On December 29, Binzhou Metalforming Machinery Factory (referred to as "Binzhou Drilling Rig") and Kerui Oil & Gas Equipment Co., Ltd. (referred to as ...

KERUI Petroleum & Gas is an international comprehensive industrial group committed to making the extraction of oil and gas more efficient, has set up a high-end equipment industrial park ...

KERUI Petroleum & Gas is an international comprehensive industrial group committed to Greener, Intelligent, Safer and More Efficient Energy Extraction, ...

Scope of service: Integrated drilling service (including drilling, logging, mud, directional, DST, coiled-tubing etc.) Project Bright Spots: Completed 7 exploratory wells in 4 years, including the ...

Kerui's one-click linkage system for oil and gas drilling rigs, based on the R& D, manufacturing and field operation experience of drilling and workover equipment, has successfully covered power ...

Our rigs and technologies are applied in ERD wells, multi-branch wells, HTHP wells, huge thick gypsum rocks, and other complicated operation conditions. Kerui Richest Oilfield Services ...

KERUI has offered 480+ sets of well drilling and workover equipment in 60+ countries and regions. We are committed to offering you customized, highly efficient drilling & workover ...

Kerui oil drilling rig

This document provides information about Kerui Drilling Equipment including: - Kerui Drilling Equipment is a global supplier of professional drilling solutions ...
