

Large diameter drill rig

Earth Drilling's Diedrich Drill manufactured D-120 is an all-purpose drill rig, powerful enough to handle large diameter hollow stem augers, yet versatile enough to drill efficiently on smaller ...

Large drilling diameter bits up to 8.5 m (27 ft. 11 in.) Rock bits with stinger Drill bits with integrated underreamer Pneumatic underreamer Hydraulic underreamer with rotor and separate power ...

Ingersoll Rand large drills are ideal for opening and closing large valves or drilling large diameter holes with a variety of available attachments.

The project requirements will also dictate which foundation drilling method is used. These are the most common drilling methods: Kelly Drilling Kelly drilling ...

Grizzly EZ Our truck-mounted Grizzly is your large diameter drilling solution. This bucket rig quickly advances 18-48 in. diameter borings, and can ream to 7 feet.

Powerful Core Drilling Efficiency: Equipped with a 2000W motor and adjustable speed, this core drill rig can handle hole sizes from 70.8-6.3 in ...

Drill through the toughest ground conditions and around difficult terrain with a Vermeer maxi-rig for your next large-diameter pipeline installation project.

A complete range of accessories for large diameter drill rigs, including kelly bars, CFA augers, drilling equipment and tools, designed to support the full spectrum of large diameter drilling ...

About Drilling at Scale Large diameter boreholes play a crucial role in specialist drilling projects, enabling high-volume water abstraction, deep foundations, geothermal systems, and complex ...

Our pile top drill rigs (PBA) provide the most efficient solution for foundation drilling in mixed ground, boulders and hard rock. Six different machine models ...

Hydracrat has successfully completed a significant number of large diameter boreholes and deep drilling for the water and energy markets over several decades. Our specialist fleet of drilling ...

It is specifically designed to drill large diameter shafts up to 12 feet as well as get over casing. Standard drill rig is mounted on a crawler type undercarriage.

LDD, part of the Acteon Group, is a specialist complete marine and subsea foundation installation service

Large diameter drill rig

provider. Using their extensive in-field know-how, LDD design, engineer, build and ...

Powerful Core Drilling Efficiency: Equipped with a 3500W motor, this core drill machine handles hole sizes from 70.8-11.8 in / 20-300 mm ...

Drilling Equipment Done Right Among the many drilling services our company has to offer, we also have the capabilities and experience to drill large ...

About Spartan Directional SPARTAN DIRECTIONAL, LLC under the direction of Boyd Simon, P.E. and Barry Nailling and others, is a horizontal directional drilling (HDD) company ...

Large Diameter Auger (LDA) excavation is a method of excavation performed using caisson type drilling equipment. Whether the hole needs to be cased or ...

Discover the benefits of large-diameter DTH hammer drilling technology. Achieve efficient, precise, and sustainable deep hole drilling for ...

The Bauer Equipment BG40 is a 54-ton track mounted vertical drill rig used primarily for large diameter drilled shafts, deep soil mixing, cased secant piles, stone columns or applications ...

Choosing the right directional drill is critical to helping your team maximize performance on large-diameter, long-distance bores. Here's what to ...
