

The LB 30 unplugged is a deep foundation machine with an alternative drive concept. During operation the drilling rig can be connected to a conventional electric supply or powered by ...

Success through leading technology Liebherr rotary drilling rigs achieve an excellent level of performance in every situation due to leading technology developed in-house. This includes ...

The LB 25 unplugged is a deep foundation machine with an alternative drive concept. During operation the drilling rig can be connected to a conventional ...

Drilling assistant for single-pass method The rope crowd system, rotary drive and the amount of flowing concrete are optimally matched during drilling and subsequent extraction.

The all-round piling and drilling rig LRB 18 owes its name to the sledge's travel distance of 18 m. It convinces with compact design and low operating weight, ...

The mining equipment experts at Epiroc will supply a fleet of autonomous, zero-emission electric drill rigs at a number of Fortescue mines.

Liebherr recently expanded its range of deep foundation machines by introducing the LRB 23 piling and drilling rig and a battery-powered variant of its LB 30 drilling rig. The ...

Featuring an electric motor, Liebherr's LB 30 unplugged is a deep foundation machine with an alternative drive concept. During operation, the drilling rig can ...

The LB 30 unplugged is a deep foundation machine with an alternative drive concept. During operation the drilling rig can be connected to a conventional ...

The LB 35.1 is the successor of the proven rotary drilling rig LB 28-320. Drilling with Kelly equipment, double rotary head and continuous flight auger are ...

Sustainability Liebherr is aware of its responsibility towards society and the environment and, with the unplugged series, strives for the best possible combination of environmental ...

Liebherr has launched the LB 16 Unplugged, a nearly emissions-free battery-powered drill rig that has been successfully tested with customers ...

Introducing the next-generation piling and drilling rig that's redefining industry standards! Engineered for

Liebherr electric drill rig

unmatched precision, efficiency, and power, our rig is designed to handle the ...

Liebherr has launched the LB 16 Unplugged, a nearly emissions-free battery-powered drill rig that has been successfully tested with customers in deep foundation work.

The LB 16 unplugged is the first battery-powered drilling rig in the world. With the electro-hydraulic version, Liebherr presents the deep foundation machine with alternative drive concept.

Watch as the Liebherr LB 30 drilling rig tackles a difficult and icy Calgary winter in a project near a hospital and other sensitive businesses.

The LRB 19 is designed for all common applications in specialised civil engineering, such as piling and vibrating applications as well as drilling with Kelly equipment, double drill head, full ...

The LB 16 unplugged is the first battery-powered drilling rig in the world. With the electro-hydraulic version, Liebherr presents the deep foundation machine with alternative drive concept. The ...

As a turnkey supplier in deep foundation engineering, we offer cutting-edge piling and drilling equipment as well as attachments such as vibrators, hammers or slurry wall cutters. Liebherr ...

Liebherr has launched six new unplugged machines for piling and lifting applications. The piling rigs are called the LRH 100.1 and LRH 200, the ...

The first LB 30 Liebherr battery-powered drill rig on Canadian soil has successfully proven its abilities in winter on a Calgary jobsite.

Thanks to their low weight and advantageous dimensions, Liebherr piling and drilling rigs can be easily transported to their jobsites. Complete transportation of the machines lays the ...

Liebherr says the new rig is ideal for working in urban environments Wolfgang Pfister, Liebherr's head of strategic marketing and communication, ...

Laing O'Rourke's specialist trading business Select has become the first company in the world to take delivery of Liebherr's brand new innovative battery powered drilling rig, the ...
