

Light drilling machine rig

Our land drilling rig systems give you an edge in today's most challenging drilling environments. Learn more about our high-tech drilling rig systems.

Whether you are drilling piles, mixing or improving soil, our equipment is as flexible as your requirements. That's why we offer you two series of drilling rigs ...

The pull back of the LX6 is 55 kN (12,364 lb), providing a powerful drilling solution in a small and lightweight footprint. Fast and easy changes between wireline ...

Massenza, from Italy, are one of the longest established Drilling Rig manufactures in Europe. With over 100 years of experience, they are present all over the ...

With Bauer drilling rigs, you can accomplish your specialist foundation engineering projects in an efficient, safe and sustainable manner. Efficient, ...

Whether you need a pilot hole in a marble quarry, a core sampling hole, a blasthole for construction or mining in a drill-and-blast operation, we have the ...

XYL-200 Crawler engineering drilling rig is a light portable multi-function geotechnical engineering drilling machine, which is developed on the basis of ...

Soilmec S.p.A is an international company leader in design, manufacture, and distribution of equipment for the ground engineering industry, drilling and ...

UPET is one of the leading drilling equipment manufacturers in Europe. We offer: Mobile drilling and workover rigs of 150 - 1500 HP (30 - 300 tons) capacity. ...

With Bauer drilling rigs, you can accomplish your specialist foundation engineering projects in an efficient, safe and sustainable manner. Efficient, because we also deliver matching ...

UK drilling rig manufacturer Dando Drilling offers a wide range of machines and equipment for the water well, mineral and geotechnical sectors.

Seven sets of rotary drilling rigs of Sunward constitute a machine group, and the Sunward technical team participates in management and construction, and the project becomes the ...

Mobile drilling rig MBU is intended for drilling of hydrogeology, engineering-geological wells providing SPT

Light drilling machine rig

and private water supply wells. It can be mounted on the clients chassis with ...

The KBS-252/Light-K core drill rig is the perfect complement to the DKB-202/H-PRO, DKB-202/P-PRO, DKS-162/DC-H and DKS-162/DC-P core drilling rigs. Experience the revolutionary ...

Pneumatic rock drills Surface and underground rock drills, for light and heavy drilling jobs. From blast hole drilling, to quarrying, anchor and wedge hole drilling, raise driving and bolting, these ...

DBE 201 Diamond Core Drill Rig Professional Grade Concrete Core Drill Machine For Up To 8" Dia. The DBE 201 is industry's most powerful, compact, and ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

Looking for the best drilling machine for metal? A drilling machine is a versatile and essential tool for creating holes in a variety of materials, from wood and metal to concrete and masonry. ...

New and Used Drill Rig insights There are 59 Drill Rig for sale in Australia from which to choose. Overall 25% of Drill Rig buyers enquire on only used listings, 73% on new and 5.98% on both ...

A drilling rig is a type of construction equipment used to make holes in the earth's surface. They can vary considerably in size: they can be massive structures or ...

100B and 100D DTH drill rig is a kind of light and effective drill rig. It is cheaper and easier to be operated and repaired, especially to be used in stonework ...

Light weight portable rigs used for geotechnical drilling and soil sampling with sophisticated soil investigation and compaction control capability.

Drilling rigs are machines that create holes (boreholes) and/or shafts in the ground. They are equipped with deck engines or truck engines, hoists or lifts, ...

WTY-30A WTY-30A Portable Drill Rig is a kind of small portable drilling machine upon a further optimization and improvement of the design of original QPY-30 drill rig. It is applicable to the ...

SRS light drilling rig Sonic SRS (SmallRotoSonic) range of compact and lightweight sounders ideal for geotechnical, environmental and seismic surveys.

Discovery offers self propelled Carrier rigs up to 180 Ton capacity design for medium workover and light drilling operations. This design includes a 4 to 7 axle Carrier, depending upon the ...

Light drilling machine rig

Light Drilling Machine Rig is equipment to drill boreholes to place explosive, locators, probe and water supply. EOD-R2 light drilling machine adopts the latest design with trailer mounted ...

Seven sets of rotary drilling rigs of Sunward constitute a machine group, and the Sunward technical team participates in management and construction, and ...

These rigs pack the pull and push power necessary to complete your geotechnical investigations for roadways, buildings, tunnels, and levees while also providing the control to fine tune your ...

Drilling rigs are essential machines used in various industries to create holes in the earth's surface. From oil and gas exploration to water well drilling and ...
