

Lightweight drill rigs

What types of drill rigs do you offer?

We offer a wide range of drill rigs for all types of exploration drilling, for both underground and surface applications. Models range from lightweight drill rigs for core drilling to heavy duty multipurpose drill rigs with the ability to perform both core drilling and reverse circulation drilling.

Are Epiroc rigs good for blast hole drilling?

Epiroc's rugged face drilling rigs are built for blast hole drilling in underground mining and tunneling. Choose your model of jumbo here and read more! Epiroc's Simba long-hole drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling.

What is a portable drill rig?

Portable drill rigs are expertly designed with a multifaceted approach in mind, targeting a diverse range of applications. They are specifically engineered for tasks such as exploratory drilling, where they delve into uncharted territories to uncover rich, untapped resources.

What is the power system on a drilling rig?

According to Pennsylvania State University, the power system on a drilling rig provides power for the other main systems on the rig and other ancillary systems, such as electrical systems, pumps, etc. The right choice of power sources will significantly influence both the efficiency and convenience of the drilling process.

What is a modular drilling rig (MDR)?

Our proven Modular Drilling Rig (MDR) technologies are designed to service the platform drilling industry more efficiently and cost-effectively than fixed drilling facilities or Mobile Offshore Drilling Unit (MODU) for drilling, intervention and plug and abandonment (P&A) solutions.

Who makes rotary blast hole drilling rigs?

Epiroc offers the most comprehensive line of rotary blast hole drilling rigs in the industry. With a multitude of configurations to choose from you can find the perfect solution for your needs. Discover our wide range of surface drilling equipment within mining, quarrying, construction, civil engineering and the dimension stone industry.

Apageo presents its range of drilling rigs, called Apageo's. From small lightweight geotechnical drilling rigs to powerful water drilling rigs and deep mining rigs, ...

Lean with Drillopedia about land rig-jack up drilling rig-barge-semi submersible rigs-drillship-platform rigs-tension leg platform rig and slim hole drilling.

Lightweight drill rigs

Portable water well drilling machine is a compact, lightweight device designed to drill into the earth's surface to extract groundwater. Unlike large-scale, stationary drilling rigs typically used ...

Energy Drilling's fleet of advanced tender-assisted rigs delivers efficient and safe drilling operations. Our modern fleet plays a vital role in supporting Southeast Asia's growing ...

Innovative Design: This versatile drilling rig is suitable for a variety of applications, from residential water wells to agricultural irrigation systems. Safety and Hygiene Assured: ...

Canyon Equipment Supplies Products For Mining, Tunnelling And Excavation Including Drilling Rigs And Drilling Equipment. View Our Product Line.

Modular drilling rigs are the solution to the bottleneck around deploying and installing drilling units on offshore platforms. The safety hazards and the costs ...

We have several lightweight rigs that enable drilling to occur up to 120ft above the ground working from a Skyreach or crane. Our rigs can be lifted in by ...

Compact, lightweight drilling equipment allows for pile installation even in areas with low headroom. Vibration-free drilling prevents damage to adjacent structures, so drill holes can be ...

The RECON utilizes the same drill head as the REBEL to produce the Low-End Torque and High-End Coring capabilities that Acker drill rigs are known for! Lightweight package with ...

Maneuverable compact drill rigs for confined spaces and remote sites. CINTRL's lightweight units handle soil sampling, shallow wells, anchor drilling, and geotechnical surveys. Modular ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

Underground Core Drill Rigs Sunny Corner offers compact underground core drill rigs engineered for easy maneuverability in underground drilling sites, providing exceptional performance in ...

Versatile Applications: Our easy-to-transport drilling machine is perfect for contractors and DIYers, offering a reliable solution for water well installations in any location. ...

Our Geoprobe® 420M portable drilling rig was designed specifically to be durable yet as lightweight as possible. Call: 1 (888) 240-4328 for pricing and ORDER ...

LF(TM)70 Surface Coring Drill Rig Mobility The LF(TM)70 modular design consists of seven sections that are heliportable for reaching remote locations. This drill reduces downtime when ...

Lightweight drill rigs

Introducing the Geoprobe® 420M Drill Rig--the ultimate solution for professionals seeking a compact yet powerful drilling rig for environmental, geotechnical, and exploration projects.

The pull back of the LX6 is 55 kN (12,364 lb), providing a powerful drilling solution in a small and lightweight footprint. Fast and easy changes between wireline coring, DTH drilling, flush rotary ...

Introducing the Geoprobe® 420M Drill Rig--the ultimate solution for professionals seeking a compact yet powerful drilling rig for environmental, geotechnical, and exploration projects. ...

From lightweight drill rigs for shallow wells to robust offshore rigs for deep-water drilling, there is a wide range of equipment available to address different geological conditions ...

Lightweight fly drill base/turntable and mast, power pack and control station Clean-Tech Uses > 30% less fuel and electricity than conventional systems ...

Used drilling rigs for sale across Australia including geotechnical, blasthole, underground, multipurpose, and RC rigs. Licensed broker and experienced ...

RIG 2 - DB520 Lightweight Multipurpose Drill Rig Our Boart Longyear Delta Base 520 (DB520) is a compact, lightweight, multipurpose drill rig designed for ...

The SOILMEC SR-45 from Western Equipment Solutions is a lighter, fuel-efficient drilling rig with precise control & DMS monitoring. It's self-assembling & easy to transport.

Drilling Rig - Jupiter Rock Drills manufactures drilling rig, skid mounted drilling rig and inwell type lightweight rig, industrial drilling rig, water drilling rig, oil drilling rig, water well drilling rig, ...

Here you will find drill rigs from Tyrolit for maximum performance and efficiency in core drilling. Find out about all the advantages of our products!

Mobilize efficiently with the compact, lightweight rig. Large pads on outriggers provide increased support when pulling tools in soft conditions. Easy-to-use ...

These rigs are lightweight and adaptable, making them suitable for diverse operational demands and environments. Portable drill rigs are expertly ...

LIGHTWEIGHT, COMPACT Drilling rigs for cathodic protection With Versa-Drill's cathodic protection drilling rig capabilities, world-class technology and ...

Portable exploration drill rigs, also known as mobile exploration drilling rigs, are designed to be compact and

Lightweight drill rigs

lightweight, allowing for easy transportation to remote and difficult-to-reach ...

If located in Melbourne and want to buy a Drill Rigs in Melbourne, Victoria visit this page and find all Drill Rigs for sale in Melbourne.
