

Low hole double cylinder down the hole drilling rig price list

What is a down-the-hole drill rig?

The rock drilling principle of a down-the-hole drill machine is the same as a heavy-duty rock drill rig. The difference is that the impact mechanism of the down-the-hole drill - is a down-the-hole impactor. It is installed at the front end of the drill rod, and at the bottom of the manhole.

Who makes the best DTH drilling rigs?

As one of the most professional DTH drilling rig manufacturers. YG Machinery has developed and produced a series of down-the-hole drilling rigs of different models. And almost all have become hot-selling models. In addition, our down-the-hole drilling rigs are sold to many countries and regions in the world.

What is a crawler down-the-hole drill machine?

The crawler down-the-hole drill machine is currently a large-scale rock drilling equipment in general use. The down-the-hole drill rigs are actually rotary percussion drill equipment. The impactor is directly submerged into the bottom of the hole to drill the rock.

What is a YGL drill rig?

YGL type low-pressure crawler DTH drilling machine: left and right walking pressure: 13~14MPa, advancing pressure 10~11MPa, rotation pressure 8~9MPa. YGM type medium-pressure down-the-hole drill rig: left and right walking pressure: 17~18MPa, advancing pressure 12~16MPa, rotation pressure 10~14MPa.

What is the pressure of YGL drill rigs?

The pressure of all the company's drill rigs has been set before leaving the factory: YGL type low-pressure crawler DTH drilling machine: left and right walking pressure: 13~14MPa, advancing pressure 10~11MPa, rotation pressure 8~9MPa.

What are the different types of drilling rig machines?

Climbing ability (Max.) According to the walking mode, it can be divided into small-legged down-the-hole drilling rig machines: SKD70-100-120, SKQ70-100-120, and large crawler type down-the-hole drilling rig machines: SKL100T 130/ SKM150T 153/SKH320.

Search for 2023 best down-the-hole drilling rig, DTH drilling rig for sale in YG Machinery manufacturer with factory price. [Click here now!](#)

Down the hole drilling rig, often abbreviated as DTH drilling machine, is a pneumatic or hydraulic drilling rig that uses a percussive mechanism to break rock formations.

Down-the-hole D470D drill rig: drills 138-165mm holes up to 30m deep, with a Cummins engine, heavy-duty

Low hole double cylinder down the hole drilling rig price list

boom, and 21m³/min compressor. 2000-hour/1 ...

After the open-air DTH drill carriage is matched with a mobile air compressor and an impactor, it can drill horizontal, vertical, and inclined blast holes, pre-split holes, and anchor cable (rod) holes.

Low pressure drilling In production drilling, especially in hard rock, the use of high pressure air is vital in order to flush the drill bit efficiently. In overburden ground conditions, air from DTH ...

An integrated down the hole drilling machine, also known as a one-piece drill rig, or crawler DTH drilling rig is a powerful and versatile machine used in the ...

The listing price is only a deposit price, excluding shipping costs. Please note that if you would like to know the specific price, please contact us or send us an inquiry, and we can provide you ...

There is a variety of models for DTH drilling machines for sale in YG Machinery. The equipment mainly includes three types, gas-electric linkage DTH drilling equipment, electric down-the ...

A down-the-hole drill, usually called DTH Drilling Rig, is basically a mini jackhammer screwed on the bottom of a drill string. The speedy hammer ...

The flushing drill fluid rises inside the drill rod and brings the drill cuttings to the surface. This technique can be used for soil or rock drilling. Down-the-Hole ...

Different Models of Down the Hole Drilling Rigs: YGD-70/100 DTH Drilling Rig YGD70/100 DTH drilling rig is a kind of compound power model, powered by a ...

The Small DTH (Down The Hole) Drilling Rig is a compact, mobile drilling machine designed for drilling deep and precise holes in a variety of geological conditions. These rigs are particularly ...

KH712D open-pit down-the-hole drill adopts new hydraulic technology and is a powerful assistant for rock drilling in open-pit mining, road construction, water conservancy, power stations and ...

Easy maneuverability with our Drilling Rig For Sale. We design reliable, low-maintenance and powerful rigs that consistently outperform the competition. Our water well rigs are equipped ...

The flushing drill fluid rises inside the drill rod and brings the drill cuttings to the surface. This technique can be used for soil or rock drilling. Down-the-Hole Drilling For very hard rock or to ...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of ...

Low hole double cylinder down the hole drilling rig price list

YG DTH hammer drilling rig is a powerful, precise, and efficient machine for mining, water wells, geothermal, and foundation projects worldwide.

It is the drilling machine with the down-the-hole hammer impacting the drill bit directly to break the rock and the slewing mechanism driving the drilling rod to rotate outside ...

MWYX-420 separated DTH drilling rig is equipped with a dual-motor rotary head and a rotary speed-adjustable multi-way valve. The rotary torque can be 2200N.m, which meets the needs ...

The four cylinder down the hole drilling rig has strong power and penetration, and is suitable for drilling various complex geological formations such as water wells, geothermal, and mines ...

This Crawler AKL-200DX drill 300m depth, in rocky area, use air drilling. Price: 15,000USD-30,000USD. Easy ways to get the answers you need. 1, Guangxi Yuchai diesel engine, strong ...

1, Guangxi Yuchai diesel engine, strong power; 2, the patented design of the composite boom, double cylinder lift, long trip, high tonnage 3, Each rig is equipped with stoppers to raise the ...

The Small DTH (Down The Hole) Drilling Rig is a compact, mobile drilling machine designed for drilling deep and precise holes in a variety of geological conditions.

When choosing a down-the-hole (DTH) drilling rig, you need to consider various factors. This article will guide you on how to choose the right down-the-hole (DTH) drill from three important ...

ZEGA TOP-HAMMER AND DOWN-THE-HOLE DRILL RIGS Introducing the ZEGA Drill Rig, the pinnacle of efficiency and precision in drilling technology. ...

Crawler Blasting Rig ZT5 Mining Blast Hole Down The Hole Drilling Rigs With Built-in Compressor ZT5 integrated open-air DTH drilling rig is an advanced ...

DTH drilling, also known as Down-the-Hole drilling, is a method used to drill boreholes into the earth's surface. This technique involves a hammer that is ...
