

MGJ50 anchoring rotary grouting engineering drilling rig

MDT-50L crawler drill rig for anchoring and jet-grouting is a type of integration of crawler, mud pump and control panel based on original MGJ-50 drill rig for ...

MGJ-50L crawler drill rig for anchoring and jet-grouting is a type of integration of crawler, mud pump and control panel based on original MGJ-50 drill rig for anchoring and jet-grouting. It ...

MGJ-50 anchor bolt engineering drill is a mechanical power generation, pressure feed type engineering knot machine. The drilling rig has the characteristics of long range, fast drilling ...

MGJ-50 Anchor Drilling Rig for jet-grouting Product Introduction MGJ-50 crawler mounted anchor drilling rig is a combination of rubber crawler vehicle, mud pump, operation platform and MGJ ...

Mainly applied for soil nailing and rock anchoring, jet-grouting, consolidating, strengthening foundation of highway, dam and retaining walls, protecting soil and rock from collapsing, ...

Quality Anchor Drilling Rig & Crawler Drilling Rig MDL-C160 High Impact Frequency Anchor Drilling Rig Hydraulic System High Power Vibration Foundation. Crawler Drilling Rig. XPL-20A ...

MGJ-50LZ crawler drilling rig for anchoring and jet-grouting and earth auger drilling, is a type of integration of rotary crawler, mud pump, operation platform based on original MGJ-50 drilling ...

MGJ-50 crawler mounted anchor drilling rig is a combination of rubber crawler vehicle, mud pump, operation platform and MGJ-50 drilling rig. Mainly applied ...

MGJ-50L Crawler Type Anchor Drilling Rig With Diesel 1. General Description MGJ-50L crawler drill rig for anchoring and jet-grouting is a type of integration of crawler, mud pump and control ...

Crawler Anchor Drilling Rig Water Well Drilling The crawler drill rig is mainly applied to urban subway, high-rise buildings, airport, ground source heat pump and other deep foundation pit ...

It is better idea anchoring drill rig for anchoring bar, consolidating and strengthening engineering and all other engineering geological drilling. The ...

It is an ideal and practical model for slope protection and reinforcement engineering and other engineering geological drilling. The drilling rig is mainly used in civil tunnel engineering, ...

MGJ50 anchoring rotary grouting engineering drilling rig

Introductions Anchoring and jet grouting drill rig, type MGJ-50L is a large-scale engineering drill rig integrated with crawler track mechanism, mud pump and console. It has long spindle ...

Anchoring and jet grouting drill rig, type MGJ-50L is a large-scale engineering drill rig integrated with crawler track mechanism, mud pump and console. It has ...

Slope Anchor Drilling Rig - Wuxi Anman Construction MX-120A Series Slope Anchor Drilling Rig. Description: MX-120A drilling rig is mainly for the anchoring engineering of coast and ...

About us Established in June, 2003, Lanteky Machine is a professional manufacturer and supplier of engineering machinery. We are specialized in MD series anchor drilling rigs, MDL ...

Mgj-50L Crawler Drilling Rig for Anchoring and Jet-Grouting - 2 MGJ-50L crawler drill rig for anchoring and jet-grouting is a type of integration of crawler, mud pump and control panel ...

The anchoring rig is mainly used in the landslide and dangerous rock mass anchoring projects in the prevention and control of various geological disasters in hydropower stations, railways and ...

MGJ-50L Power head rotation crawler mounted anchor MGJ-50L crawler anchor drilling rig for anchoring and jet-grouting is a type of integration of crawler, mud pump and control panel ...

MGJ50 anchoring rotary grouting engineering drilling rig
