

Maersk drilling land rigs

Does Maersk drill a jack-up rig?

Danish offshore drilling contractor Maersk Drilling has entered into a definitive agreement to combine with its U.S. rival Noble Corporation in a primarily all-stock transaction, which will result in the creation of a combined company with a fleet of 20 floaters and 19 jack-up rigs.

Who is Maersk Drilling?

With more than 45 years of experience operating in the most challenging offshore environments, Maersk Drilling (CSE: DRLCO) provides responsible drilling services to energy companies worldwide. Maersk Drilling owns and operates a fleet of 19 offshore drilling rigs and specialises in harsh environment and deepwater operations.

How will Maersk Drilling's new holding company work?

The transaction will be implemented through an English incorporated holding company, which will make a voluntary tender exchange offer to the shareholders of Maersk Drilling. The tender exchange offer will allow Maersk Drilling's shareholders to exchange each Maersk Drilling share for 1.6137 shares in the new holding company.

Did Maersk create a new market segment for offshore jack-up rigs?

By then, Maersk had created a new market segment- the Norwegian offshore jack-up sector. Its innovative jack-up rigs made it less costly to operate offshore Norway. Schou believes that there are similar technical opportunities between the 1990s and today's oil price downturn.

What is the Maersk XLE4 rig?

The XLE4 is based on the design of the three existing rigs, but will have several modifications and incorporate enhanced features to improve efficiency, safety and onboard logistics that will make it the largest and most advanced jack-up rig in the world. "Maersk Drilling also has four new ultra deepwater drillships in its fleet."

What conditions are required to buy Maersk Drilling?

The transaction is subject to Noble shareholder approval, acceptance of the exchange offer by holders of at least 80 per cent of Maersk Drilling's shares, merger clearance and other regulatory approvals, listings on New York Stock Exchange and Nasdaq Copenhagen, and other customary conditions.
