

Mobile drilling rig china

Are mobile drilling rigs made in China?

Your mobile drilling rig can be 100% made in China, or you can choose rig components from distinguished international suppliers as you like. By default, the following rig components are imported: A key advantage of our truck-mounted rigs is their uniquely constructed chassis.

Where can a mobile drilling rig be used?

Water or oil wells of medium depth, located in steep mountain regions or deserts, are the prime domain for this mobile drilling rig. Thanks to its lightweight design, our 2000m mobile drilling rigs provide superior handling and powerful acceleration on rough and bad terrain.

Where are highdrilling mobile rigs made?

With our extensive experience in the manufacturing of skid-mounted rigs and oilfield vehicles, we are able to design each Highdrilling mobile rig to individual customer requirements. Your mobile drilling rig can be 100% made in China, or you can choose rig components from distinguished international suppliers as you like.

What is a mobile rig with independent suspension?

A mobile rig with independent suspension is especially advantageous when driving in inaccessible mountain regions. At our production facility in China we manufacture the complete range truck-mounted and trailer mounted drilling rigs capable of drilling wells from 1000m to 4000m. Below you will find a detailed description for each of these rigs.

What is China drilling rigs?

China Drilling Rigs is a platform where we market, sell and rental drilling rigs made in china. We collaborate with all major manufacturers from china, and also help sell new rigs and also sell used surplus rigs, please feel free to register to our website or contact us if you have any rigs to sell.

Where can Jinfan drilling rigs be used?

Jinfan is the only manufacturer of a drilling rig suitable for use in geological investigations in China. Our HGD-200 and HGD-300A rigs are frequently used for offshore engineering geological investigations in the South China Sea, the Huanghai Sea, and the East China Sea.
