

Nabors drilling canada rig specs

What is a Nabors rig?

The Nabors rig fleet represents one of the world's youngest and most advanced fleets in the gas drilling and land drilling industries. Based on our worldwide drilling experience, Nabors has engineered a series of programmable A/C electric, or PACE® rigs, that feature:

How many land based drilling rigs does Nabors have?

At the beginning of 1990, Nabors' fleet consisted of 44 actively marketed land drilling rigs in Canada, Alaska and various international markets. Today, Nabors owns and operates the world's largest land-based drilling rig fleet and is a leading provider of offshore platform workover and drilling rigs in the U.S. and multiple international markets.

What is a Nabors pace-F rig?

Nabors PACE-F rigs feature innovative advanced features that provide both. The Nabors rig fleet represents one of the world's youngest and most advanced fleets in the gas drilling and land drilling industries. Based on our worldwide drilling experience, Nabors has engineered a series of programmable A/C electric, or PACE® rigs.

Who is Nabors drilling?

Since its founding in 1952, Nabors has grown from a small land drilling business in Canada to one of the world's largest drilling contractors. At the beginning of 1990, Nabors' fleet consisted of 44 actively marketed land drilling rigs in Canada, Alaska and various international markets.

Which Nabors rig is best?

Nabors PACE-S rigs feature innovative advanced features that provide both. Capable of withstanding the harshest weather conditions, the PACE®-B has a reputation for delivering high performance. Its Box-on-Box substructure and cantilever mast offer unmatched versatility and rapid rig up and rig down times, making it the premier rig design.

What is a Nabors MPD-ready® rig?

Nabors MPD-Ready® rigs feature integrated hardware and software components, and required flow paths, to ascertain the downhole pressure environment limits and manage annular hydraulic pressure during drilling operations. All equipment skids with rig, eliminating non-productive time when moving between wells for multi-well pad drilling.
