

Nabors drilling pace x rig

In the Bakken, a PACE-X rig followed up drilling an operator's first four-mile lateral in the formation with two more four-mile lateral wells.

The Nabors PACE M800 rig features high-spec requirements, including increased setbacks, high-pressure mud systems and integrated walking packages, for drilling longer ...

The result of years of research and engineering expertise, the PACE-X800 rig is a rig designed for well manufacturing in the Shale Plays. A high-quality rig built with leading-edge technology, ...

Drilling wells as fast as 12 days with zero recordable incidents, X29 delivers top-tier drilling performance while clearing crews from red zone areas.

Nabors developed the PACE rig at its Academy Services subsidiary in Calgary, Alberta, Canada. Now the technology behind the rig is being exported worldwide, with fabrication taking place ...

Nabors has launched its first PACE-X rig featuring the quad drilling design. The rig's mast features an additional 31-ft section to allow for four ...

Nabors has launched its first PACE-X rig featuring the quad drilling design. The rig's mast features an additional 31-ft section to allow for four joints of pipe in the setback. Nabors ...

Rig Series Highlight As part of Nabors SmartRig fleet, the PACE-F automated land rigs are specifically designed to enable quicker rig moves by reducing the number of loads during rig ...

Record-Setting Drilling in the Delaware Basin Nabors deployed their advanced PACE-X rig to drill three wells, each featuring four-mile laterals --an impressive feat in terms ...

Happen upon Nabors Industries' newest drilling rig in Midland County, and one might think the rig is drilling a well by itself. The new PACE ...

As lateral lengths continue to increase, drillers need a rig with more power and greater tripping speeds. The PACE-M1000 rig features innovative advanced technologies that provide both ...

Nabors Industries has partnered with several geothermal startups, including GA Drilling, GeoX, Sage Geosystems and Quaise Energy, looking to ...

Capable of moving in any direction over existing wellheads, the PACE-X features a modular design

Nabors drilling pace x rig

and Side-Saddle; substructure, enabling scalability and delivering unparalleled ...

Nabors retrofitted an existing rig - X29 - with RZR (pronounced razor) and has drilled multiple wells for ExxonMobil in the Permian Basin. In 2021, Nabors ...

At Nabors, it's our job to anticipate the needs of the oil and gas research and engineering expertise, the PACE;-X rig is a rig industry -- a rig for today, and a rig for tomorrow. So when ...

Happen upon Nabors Industries' newest drilling rig in Midland County, and one might think the rig is drilling a well by itself. The new PACE R801 rig is the industry's first fully ...

Nabors deployed their advanced PACE;-X rig to drill three wells, each featuring four-mile laterals --an impressive feat in terms of both engineering and execution. The wells ...

In the Bakken, a PACE;-X rig followed up drilling an operator's first four-mile lateral in the formation with two more four-mile lateral wells. Also in the Bakken, another operator ...

The PACE;-X800 rig is a cutting edge rig design optimized for drilling multiple wells on a single pad. It can move in any direction along the X and Y axis, and is capable of moving over ...

Energy Transition Initiatives Nabors Energy Transition Solutions (NETS) Nabors Energy Transition Ventures (NETV) Nabors Energy Transition Corp. (NETC) Media News and Insights ...

HAMILTON, Bermuda, Oct. 7, 2021 / PRNewswire / -- Nabors Industries Ltd. (NYSE: NBR), a leading provider of advanced technology for the global ...

Recently, our MPD-Ready PACE;-X800 Rig #X26 and Rig #X14, and PACE;-B Rig #B29 crews successfully set a drilling record, drilling the first 15 managed pressure drilling ...

The PACE;-R801 concept rig has safety and efficiency at the core of its design, purpose-built to showcase Nabors technology and to push the boundaries of industry performance and ...

Combining Nabors proprietary Smart Suite of automated drilling software with Canrig; robotics on the PACE;-R801 creates an unmanned rig ...

Nabors PACE;-X800 rig is designed specifically for multi-well pad drilling. It streamlines move times over short distances by limiting the components needed for rig up and ...

The Nabors PACE;-X Rig X29, equipped with the RZR Rig Floor Automation Module, is drilling its fourth pad in the Permian Basin! Drilling wells as fast as ...

Nabors drilling pace x rig

Advanced Walking Capabilities Ideal for large, multi-well pads, the PACE[®]-M rigs feature efficient, more advanced walking capabilities for multi-well pad drilling.
