

Nabors drilling rig bo2

What rigs does Nabors use?

Drilling Fleet: Nabors has a diverse fleet of drilling rigs that are designed for different drilling environments and applications. This includes land-based rigs, offshore rigs, and specialty rigs equipped for specific drilling challenges. **Global Presence:** Nabors is a global company with operations in many of the world's major oil and gas regions.

Does Nabors own a drilling rig?

Nabors owns and operates one of the world's largest land-based drilling rig fleets and is a provider of offshore platform rigs in the United States and numerous international markets. Nabors also provides directional drilling services, performance tools, and innovative technologies for its own rig fleet and those of third parties.

What is a Nabors platform rig?

Nabors is a leader in the offshore platform drilling rig market with its innovative modular MASE® rigs. The largest of its kind, the Big Foot ultra-deepwater platform rig is designed for spar and TLP platforms.

What is a Nabors MPD-ready® rig?

Nabors MPD-Ready® rigs feature integrated hardware and software components, and required flow paths, to ascertain the downhole pressure environment limits and manage annular hydraulic pressure during drilling operations. All equipment skids with rig, eliminating non-productive time when moving between wells for multi-well pad drilling.

What is a Nabors pace-F rig?

Nabors PACE-F rigs feature innovative advanced features that provide both. The Nabors rig fleet represents one of the world's youngest and most advanced fleets in the gas drilling and land drilling industries. Based on our worldwide drilling experience, Nabors has engineered a series of programmable A/C electric, or PACE® rigs.

What does Nabors do?

Nabors also provides directional drilling services, performance tools, and innovative technologies for its own rig fleet and those of third parties. Leveraging our advanced drilling automation capabilities, Nabors' highly skilled workforce continues to set new standards for operational excellence and transform our industry.
