

Netherlands Screw Air Compressor Maintenance Company

Why should you consider the air compressor industry in the Netherlands?

When exploring the air compressor industry in the Netherlands, several key considerations come into play. The Dutch market is known for its strong emphasis on sustainability and environmental regulations, which means companies must comply with EU standards on emissions and energy efficiency.

Where can I find a Netherlands customer center?

We stand behind our products and services and beside our customers during planning, installation, and maintenance. Visit your local NETHERLANDS CUSTOMER CENTER at Produktieweg 10 in Zoeterwoude, for all your air compressor needs.

Who makes Airpack air compressors?

Airpack is a manufacturer that specializes in custom-made air compressors, including screw, reciprocating, and centrifugal types, designed for the oil and gas industry. Their turnkey installations ensure optimal performance and durability, tailored to meet specific customer requirements.

Why should you choose Ingersoll Rand air compressors?

Ingersoll Rand air compressors are made with superior components and backed by our worldwide parts and service organization, providing the support you need to keep your business running. We stand behind our products and services and beside our customers during planning, installation, and maintenance.

Who makes AirPress compressors?

The Airpress brand has been known on the market since 1956. In that year, Doeke de Vries and his father Harmen de Vries developed their first piston compressor. This device was a huge success on the domestic Dutch market, so the de Vries family began mass production of K series compressors, which continues to this day.

Where is AirPress located?

Airpress, located in Przemierowo near Poznan, is available throughout the country! Regardless of where your company is located, benefit from over 60 years of experience in screw compressors, piston compressors, complete installations and pneumatic tools.
