

Penrod 74 drilling rig

Who is Penrod 74?

Back in 1981, the team of PENROD 74, Grizzly Bear, Polar Bear, Pacific Logistics Sealink, Okanagan Helicopters worked as a team contracted by Philips Petroleum to drill 9 holes in the Palawan area near the south China Sea within Philippine Territorial waters. I worked then as a Materialsman for Penrod 74 assigned in Paclog Sealink.

Who owns Penrod drilling?

Beginning in the 1950s, H. L. Hunt began to entrust more responsibility to top associates and to his sons from his first marriage. Ownership of Penrod Drilling, which possessed about 25 drilling rigs and was worth over \$25 million by the 1960s, had been transferred to three of his sons in 1948.

How many rigs does Penrod have?

Eventually, the Penrod rig fleet was expected to consist of 18 to 20 offshore rigs, eight to 10 land rigs, and two supply vessels, the companies said. It said the offshore rig fleet represented one of the newer fleets in the industry with an average rig age of about 10 years.
