

Pingxiang rock drill

Drill through rock with ease. Our 9-60 lb Rock Drills hit 2,100-3,400 BPM, great for anchor holes, blasting prep, or tough surfaces. Use wet or dry with the APT valve for total jobsite control.

Siton is a professional manufacturer of wheel drilling jumbo, road header, mucking loader and Shuttle Mining Car in China, and these products are ...

Marketing Director · Founded in 1992, Jiangxi Siton Machinery Manufacturing Co., Ltd., is a professional manufacturer of Face drilling rig, Muck Loader, Production Drilling Rig, Rock ...

Learn the art of drilling through rocks successfully with our guide! Discover how to select the right tools, understand rock properties, drill safely, and clean up post-drilling. From ...

Welcome to Jiangxi Siton Machinery Manufacturing Co., Ltd.! Professional underground machine manufacturer since 1992 in China! We provide provide complete sets of equipment and ...

A25AX Hydraulic Rock Drill is a hydraulic rock drill suitable for open drilling with built-in powerful hydraulic backdriving system, with automatic piercing function, which can significantly reduce ...

The A25LX Hydraulic Rock Drill is the A25L model with a built-in powerful hydraulic backdriving unit, a high penetration rate hydraulic rock drill for underground mining operations. The dual ...

Description A20A/D Hydraulic Rock Drill is specially designed for open pit mining and underground excavation. It shows its extraordinary strength in all kinds of rock drilling ...

Due to that the rock bolting rigs have the characteristics of small size, flexible walking, simple operation, and high efficiency, Siton underground ...

PingXiang Mine Tools Plant is a professional plant of manufacturing drill and drill rod which are applicable to mining. The plant was established in 1975 with more than 30 years history, which ...

Impact power: 21 KW, Chisel diameter: 42-53mm, S21A/L Hydraulic Rock Drill for Surface Mining, Medium and Deep Hole Mining Trolley

Description A25AX Hydraulic Rock Drill is a hydraulic rock drill suitable for open drilling with built-in powerful hydraulic backdriving system, with automatic piercing function, which can ...

A25L hydraulic rock drill is specially designed for heavy-duty, continuous rock drilling deep hole operations.

Pingxiang rock drill

It is widely used in underground mining, and its drilling depth can reach more than ...

The underground mining machinery is mainly applied in rock roadway coal mining, semi-coal rock tunnel, railway tunnel engineering/projects, and ...

We provide provide complete sets of equipment and solutions for underground engineering projects including mucking loader, underground loader, ...

In 2019, Jiangxi WOSERLD Hydraulic Rock Drilling Co., Ltd. was established in Pingxiang, Jiangxi Province. Over the years, WOSERLD has gradually become one of the globally ...

Drilling into rock may seem like a daunting task, but with the right tools and techniques, it's a project that even DIY enthusiasts can accomplish. Whether you're creating decorative garden ...

This rock reinforcement drill rig is equipped with a high-power hydraulic plunger pump and an upgraded grouting system, achieving a grouting speed of up to 0.45 m³/h. The mining cable ...

M21B/D is a high-performance multifunctional hydraulic rock drill suitable for all working conditions. It is designed for underground operations and is mainly used in rock bolt support ...

It provides a series of quick excavation equipments for coal mine, metal mine or non-metal mine, railway, diversion, national defense, etc. Now Siton has become one of the biggest production ...

M10B/D hydraulic rock drill with 10KW impact power is a mechanized anchor hole drilling hydraulic rock drill designed and developed for underground engineering, non-coal mine and ...

Impact power: 14KW, Chisel diameter: 33-51mm, High-frequency hydraulic rock drills designed for anchor support and surface drilling...

Jiangxi Woserld Rock Drilling Hydraulic Co., Ltd. Adress: North of high-tech development zone, pingxiang,jiangxi,China Phone: 0799-3671000 Mobile Phone: +86 13367997930 Hotline: +86 ...

The A30LX Hydraulic Rock Drill is designed for medium to deep underground holes for mining cart applications and has a powerful built-in hydraulic backdriving unit for sustainable and ...

Learn the art of conquering stubborn rocks like granite and limestone with this expert guide on rock drilling. Discover the right tools, techniques, and safety measures to ...

It is widely used in underground mines, hydropower, water diversion, railroad tunnels and other kinds of engineering lanes, and can be perfectly matched with the boring drill truck. Imported ...

Pingxiang rock drill

WOSERLD is a brand registered in Sweden, combining advanced Swedish technology with the strengths of Chinese manufacturing. In 2019, Jiangxi WOSERLD Hydraulic Rock Drilling Co., ...

Our products are mainly used in a wide variety of underground mining fields, such as rock roadway coal mining, semi-coal rock tunnel, railway tunnel ...

Description A20A rock drill is a hydraulic rock drill suitable for open drilling operations, with automated piercing function, which can significantly reduce the manual assistance time and ...
