

Portable core drilling rig

The drill is fitted with a safety clutch in gearbox (drum assembly type) This unit is designed to be an easy portable type drill for easy hand drilling when electrical ...

The HSB-1 backpack core drilling rig comes in two variants with drill bit diameters of 26mm and 36mm. These portable and versatile drilling systems have ...

20m Deep Backpack Portable Sampling Core Drilling Rig is a small and lightweight sampling drilling equipment mainly suitable for use in mountains, areas with inconvenient transportation ...

portable core drilling rig works particularly well in areas with complex geographic characteristics such as mountainous region, forest and plateau. the ideal core drill rig when operating in hard ...

It is a high-speed drilling rig, suitable for geological survey, geological exploration, road and high-rise building foundation exploration, water wells, blasting holes ...

The Apafor 220 DMT is a mobile drilling rig, ultra light and disassembled in a short time. Perfect for very difficult site access, portable rig easily transportable ...

A core drill rig is a specialized piece of equipment for core sampling. They allow professional drillers to extract a piece of the ground by drilling cylindrical holes ...

Portable Hydraulic Core Drill Rig 300m-600m Depth Multi-Purpose Crawler Mineral Prospecting & Geotechnical Survey Rig with Rope Coring for Water Wells/Quarries - ...

800m Core Drilling Rig For Mineral Exploration (SC-F800D) SC-F800D portable core drilling rig is suitable for core exploration and construction in different ...

Portable exploration drill rigs are employed in geotechnical surveys to assess soil and rock properties for construction and infrastructure projects. Their mobility allows engineers to ...

Hole Diameter: 65-213mm Max. Drilling Depth:300m Drilling Method: Wireline Diamond Core Drilling & Application JCD300 core drilling rig is a kind of lightweight fully hydraulic core ...

Portable exploration drill rigs, also known as mobile exploration drilling rigs, are designed to be compact and lightweight, allowing for easy transportation to remote and difficult-to-reach ...

Our concrete core drilling equipment is designed to work with diamond core bits to core (remove cylinder of

Portable core drilling rig

material) from concrete and stone. Diamond Tool Store carries a wide range of core ...

20m Deep Backpack Portable Sampling Core Drilling Rig is a small and lightweight sampling drilling equipment mainly suitable for use in mountains, ...

APPLICATIONS XY-1 drill rig is a compact spindle drilling machine. It is mainly used for shallow hole core drilling with diamond or tungsten carbide bits. It can also be used for engineering ...

Hydraulic borewell machine and portable core drilling machine in YG, drilling depth 130-170m, ideal for water wells and geological projects.

Heavy-duty portable coring machines for precise pipe drilling. Cut 1.5" to 9" holes in clay, concrete, iron, and plastic pipes for infrastructure applications.

Lone Star Drills are proud to provide a viable, economical solution to water well drilling. Commonly used by missionaries for water projects in developing ...

Drilling Equipment Diamond Core Drills Helicopter portable, track-mounted, man-portable, skid-mounted, underground, deep hole, and low environmental ...

GCD4 Gas Core Drill BLUEROCK GCD4 Gasoline Handheld Core Drill - 4-Stroke Motor Portable Field Coring Drilling and Rock Core Sampling Honda GX35 4 ...

Geotechnical Drilling Rigs Geotechnical drilling rigs provided by Hardrock could cover a full range of site investigations, including deep core drilling, sampling, ...

The TEI Portable Drill is the smallest drill possible using a feed (mast) system. Anything smaller would be a hand drill. Our unique portable drills are ideal for ...

Product Description: The MX1000 Portable Full Hydraulic Core Exploration Drilling Rig is a high-performance core drilling equipment designed for ...

Description The 41 mm Shaw Backpack Portable Rock Coring Drill Kit is ideal for conducting explorations in remote locations and can be utilized for a wide ...

The development of drilling technology and the manufacturing level of drilling equipment play an important role in geological exploration, mining, mining ...

Discovery MP500 - Man Portable Diamond Core Drill MPP's newest man-portable drill, the MP500 is designed to drill in some of the world's most ...

Portable core drilling rig

A portable geological core drill is ideal for obtaining core samples from outcrops in situ whilst in the field. Easy to use, portable, robust, and featuring excellent ...
