

Premier drilling rigs

Who is Premier drilling equipment?

As the exclusive African distributor of MBI's innovative core drilling equipment, Premier Drilling Equipment is committed to delivering technology-driven solutions backed by expert technical support and reliable service. Partner with us to elevate your drilling projects with automated drilling technology designed for tomorrow's mining challenges.

What are PRD rigs used for?

Our versatile rigs excel in various applications, including diamond core drilling, RC drilling, and Rotary Blasthole drilling operations in mining ores and minerals. Find the Perfect PRD Rig: Explore Our Range for Diverse Drilling Needs & Applications.

Why should you partner with Premier drilling equipment?

When you partner with Premier Drilling Equipment, you're not just buying core drilling equipment --you're gaining access to a team of technical experts, supply chain professionals, and exploration veterans who know what it takes to succeed in the field. We don't just sell tools--we provide solutions tailored to your project goals and site conditions.

Who makes underground drilling rigs?

Premier Drilling Equipment proudly distributes MBI Global's Underground Drill Rigs, purpose-built to excel in the tight and challenging conditions of underground mining exploration across Africa. These rigs offer a compact, agile design that enhances maneuverability in confined spaces without compromising on drilling power or precision.

What types of drilling rigs do you use?

We employ advanced drilling methods such as Down The Hole (DTH), Rotary, Diamond Core, and Hydraulic Top Hammer. Our versatile rigs excel in various applications, including diamond core drilling, RC drilling, and Rotary Blasthole drilling operations in mining ores and minerals.
