

Pv271 drill rig

What is a pv-271 drill?

Equipped with a standard Rig Control System (RCS) operating platform, the PV-271 sets the bar for efficiency. The PV-271 is one of the most productive drills available for rotary tricone and down-the-hole drilling of 6-3/4 in to 10-5/8 in (171 mm to 270 mm) diameter holes.

What is a pv-271 rig?

The PV-271 features an insulated, pressurized cab with an air-ride operator seat-- providing high suspension comfort with excellent visibility. The large cab is equipped with Rig Control System (RCS) controls, providing onboard automation capabilities as part of the standard drill package for added safety and productivity.

How much load can a pv-271 drilled?

With a 34 ton (75,000 lbs) bit load capacity, the PV-271 has probably drilled it. The Pit Viper 271 features a patented cable feed system with automatic tensioning for improved component life and low total cost of operation, and options for both diesel and electric powerpack make the PV-271 a flexible option for any type of operation.

How big is a pv-271 hole?

When it comes to single pass holes up to 16.2m (63ft) with diameters up to 270mm (16.62inch), the PV-271 has proven itself time and time again. The PV-271 features a patented cable feed system with automatic tensioning for improved component life and low total cost of operation

Can a pit viper 271 drill a 55 ft hole?

The heavy and durable Pit Viper 271 can drill a 55 ft (16.8 m) clean hole in a single pass. Single Pass drilling yields higher drilling efficiencies (up to 25% when drilling in soft material) by eliminating rod change time and allowing more time for drilling.

When were Atlas-Copco pv-271 drilling rigs made?

Good condition Atlas-Copco PV-271 Drilling Rigs available between 1985 and 1999 years. Located in United Arab Emirates and other countries. Click request price for more information.

the perfect drill rig for your specific application. 2 3 Designed for maximum productivity and value Robust "live tower" design can be raised and lowered with a full ...

EPIROC PIT VIPER 271 BLASTHOLE DRILL RIG in 1:50 scale made by EPIROC The PV-271 is the drill that put the Pit Viper on the map. It operates in almost every surface mining ...

Customer Acknowledgment Use only Epiroc original parts. Damage or breakdown that is caused by non-original spare parts are not covered by the warranty or product liability. Epiroc is not ...

Pv271 drill rig

Make: Epiroc Model: Pit Viper PV-271 RCS4 Year: 2019 Hours: 11,000 *Freshly back from long-term hire*
Track Mounted Drill Rig Location: Western Australia

The PV-271 is a blasthole drill that can drill holes up to 59 feet deep and 10-5/8 inches in diameter using either rotary or down-the-hole drilling. It has proven itself effective in a variety of mining ...

Highly efficient drilling The Pit Viper 271 is one of the most productive drills available for rotary tricone and down-the-hole drilling of 6-3/4 in to 10-5/8 in (171 mm to 270 mm) diameter holes. ...

EPIROC PIT VIPER 271 BLASTHOLE DRILL RIG in 1:50 scale made by EPIROC The PV-271 is the drill that put the Pit Viper on the map. It operates in almost ...

The Pit Viper series of drills if technology, productivity, and high asset life for the lowest total cost of ownership are on your list of priorities. The most productive ...

PV-271 Low res A4 - Free download as PDF File (.pdf), Text File (.txt) or read online for free. The Pit Viper 271 drill is designed for rotary and DTH drilling of ...

Pit Viper PV-271 XC Blasthole Drills Single-pass rotary and down-the-hole (DTH) drilling f Proven For details on productivity how the Pit Viper series can enhance your profitability contact your ...

A legend, electrified. With the ability to drill single-pass holes up to 18 m (59 ft) in depth and 270 mm (10-5/8 in) in diameter, the versatile Pit Viper 271 E offers the same exceptional ...

The Pit Viper 271 XC E is capable of drilling single-pass holes up to 18 m (59 ft) with diameters up to 270 mm (10-5/8 in). Its 34-ton (75,000 lb.) bit load capacity ensures reliable and efficient ...

Atlas Copco Blasthole Drills Pit Viper 271 Rotary and DTH drilling Hole diameter 6 in 10 58 in (171 270 mm) Single pass depth 55 ft (16.8 m) fBuilt for performance Designed for comfort With a ...

Zero emissions. Epiroc's electric-driven blasthole drill, the new Pit Viper 271 XC E, is designed for a cleaner, safer, and more efficient drilling experience.

The Pit Viper 271 is the drill that put the Pit Viper series on the map. It operates in almost every surface mining application out there - gold, copper, coal, iron ...

Highly efficient drilling The new PV-271XC is one of the most productive drills available for rotary tricone and down-the-hole drilling of 6-3/4 in to 12-1/4 in (171 mm to 311 mm) diameter holes. ...

Atlas Copco Patented Feed System The Pit Viper 271 utilizes the Atlas Copco patented feed system which

Pv271 drill rig

consists of a high strength cable feed system with auto-matic cable tensioining, ...

Sección 1 Especificación PV271-275 - Free download as PDF File (.pdf), Text File (.txt) or read online for free. The document provides specifications for two ...

Single-pass drilling with longer drill towers allows drilling an entire blast hole in one pass without needing to remove and add drill rods. This eliminates up to 2 minutes of time lost per hole for ...

The most productive drill available for rotary tricone and down the hole drilling of 171mm to 270mm (6-3/4" to 10-5/8 ") holes with up to 18 m (59 ft) clean hole single pass capability.

Highly efficient drilling The PV-271 is one of the most productive drills available for rotary tricone and down-the-hole drilling of 6-3/4 in to 10-5/8 in (171 mm to 270 mm) diameter holes. The ...

The PV-271 features a patented cable feed system with automatic tensioning for improved component life and low total cost of operation. Options for both ...

Equipped with a standard Rig Control System (RCS) operating platform, the PV-271 sets the bar for efficiency. The PV-271 is one of the most productive drills available for rotary tricone and ...

connections are options available to order with the PV-271. Atlas Copco Drilling Consumables: A complete line of drilling consumables is offered by RDT (Rock Drilling Tools), another division ...

Epiroc and Fortescue, this week, announced the handover of Australia's first Pit Viper 271 E (PV271E) electric-driven blasthole drill rig at ...

Pv271 drill rig
