

Qiandongnan specializes in producing down-the-hole drilling rigs

Produced out of Garland, Texas, and Nanjing, China, our machines are built in state-of-the-art production facilities and to the highest quality allowing ...

Our Machine Programme All our drilling rigs are available with a wide variety of methods including for geothermal energy, water well, down-the-hole surface ...

Our separated hydraulic down-the-hole drilling rig is an excellent economical series, which can save you the overall project cost. The percussion drilling equipment from the drill rig supplier ...

1:PDKJ-843 The integrated open-air Down- The- Hole drill rig is combined the Down -The- Hole drilling system and the screw air compression system. 2:Can drill for ...

Numa Hammers & Bits, based in Thompson, Connecticut, is a private company that specializes in manufacturing rock drilling equipment. Established in 1985, ...

PD INNOVATE PDKJ- 843B Integrated Automatically Changing Rod Down -the- hole Drill rig Features: PDKJ-843B Integreted Blasting Hole Down-The-Hole Drill Rig ...

Are you wondering which kind of drilling rig and compressor are the best choices? Maybe you can find the answer in KAISHAN Group. We are the biggest air ...

Mastering the operation skills of down-the-hole drilling rigs can help everyone complete construction tasks more safely and efficiently.

PD INNOVATE PDKJ- 847 Integrated Down -the- hole Drill rig Features: KH847 Integreted Blasting Hole Down-The-Hole Drill Rig 1:Enhanced steel propulsion beam, ...

PD INNOVATE PDKJ- 843 Integrated Automatically Changing Rod Down -the- hole Drill rig Features: 1:PDKJ-843 The integrated open-air Down- The- Hole drill rig is ...

Our state-of-the-art production facility is equipped with the latest tools and equipment, allowing us to produce high-quality Driving Chains products ...

KT25 open-pit down-the-hole drilling rig is a new type of drilling equipment carefully designed for the needs of large open-pit mines on the basis of years ...

Qiandongnan specializes in producing down-the-hole drilling rigs

DL long-hole drilling rigs are a kind of mining hydraulic drilling rig in underground mines project. Our production drill rig is mainly used for drilling blast holes of ...

Manufacturers of the Rotary Drilling Rig Machine. REL Specialized in Rotary Blast Hole Drill Rig, Down the Hole Drills for Mining, Quarrying & Construction.

Epiroc's drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling and ...

Rock Drilling There are three methods of rock drilling for production holes: Rotary high rotational speed, low torque and thrust low ...

KT7D integrates down-the-hole drilling system and screw air compressor system. It is a state-of-the-art drilling equipment capable of drilling vertical, inclined and horizontal holes. The drilling ...

KAISHAN specializes in creating mining and construction drilling equipment. We value providing exemplary sales, and aftermarket parts and service for every ...

Down-the-hole drilling rigs | Choosing the right drilling rig You could need a drilling rig for a multitude of applications, for example to drill a well to access a ...

A "down the hole" (DTH) drill is a drilling equipment used in mining, construction, and exploration activities. It is specifically designed for drilling large-diameter ...

It is a modern high-tech enterprise that specializes in the research and development of mining and quarry machinery. The company air power systems with ...

The down-the-hole drilling machine is suitable for large-diameter blast hole rock drilling operations in small and medium-sized mines, road construction, water conservancy, and stonework, as ...

KQTG-150 Down-The-Hole drilling rig offers excellent fuel efficiency, improved safety and higher productivity in challenging rock conditions, which is used for ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and ...

YG specialize in the production of DTH drilling machine. Ideal choice for blasting holes in limestone, bluestone, granite, soil, etc.

The KG510/KG510H down the hole drill rig for open use is an improved device in compliance with national

Qiandongnan specializes in producing down-the-hole drilling rigs

regulations on diesel-engine emissions. Equipped with the Yuchai four-cylinder ...

With years of expertise, we specialize in producing durable and efficient DTH rigs engineered for diverse applications, including mining, quarrying, and water well drilling. Our commitment to ...

Manufacturer of Integrated DTH Drilling Rigs for Hydraulic Drilling and Mining Equipment, Find Details and Price about Down The Hole Drill Rig Hydraulic Drill Rig from ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the ...

The company was established in April 2000, with a factory area of 8000 square meters and over 100 employees. We specialize in producing drilling machines, down the hole drills, pile drivers, ...
