

Remote control drilling rigs

Intelligent longhole drilling with the Sandvik DL432i rig - a cutting-edge drill delivering precision and advanced technology for underground mining.

Our Explorac range provides exploration drillers with the only reverse circulation drilling rigs on the market which are specifically designed for reverse circulation drilling and drilling in remote ...

Commando(TM) DC300Ri drill rig is a hydraulic, self-propelled, compact drilling unit on a four-wheel oscillated drive carrier with full radio remote control. Easily ...

The Cameron digital drilling control system (DDCS) portfolio creates an integrated control and information system that boosts drilling operations. A high-value ...

Remote - control capabilities of mining drill rigs have emerged as a game - changer, revolutionizing the way mining activities are carried out. As a leading supplier of mining drill ...

Crawler Rotary Drill Rig, Well Digger Rotary Drilling Rig, Rotary Drilling Rig Remote Control, Hydraulic Rotary Drilling Rig, Portable Rotary Drilling Rig, Track Roller Rotary Drilling ...

The integration of downhole data with rig control systems is designed to optimize drilling efficiency and ROP, while automation reduces non-productive time and ...

FlexiROC T20 R is the construction contractor's best friend. The pure drilling power of the 14 kW rock drill is key. With Radio Remote Control, COP SC14 rock drill and flexible drilling angles, ...

MDR Mini Drill Rigs are produced in Denmark with more than 20 years of experience, and we have recently developed a simple drill rig with mechanical ...

The exploration drilling industry is undoubtedly experiencing significant pressure to improve levels of safety performance through the ...

AutoMine™; Tele-Remote is Sandvik's entry-level smart teleoperation solution. The system provides an easy way to start exploring the full potential of Sandvik ...

The Precise system connects with key rig components via remote I/O on the drawworks, top drive, mud pumps, and drill floor. Control everything from the ...

Find your remote-controlled drilling rig easily amongst the 37 products from the leading brands (SANY,

Remote control drilling rigs

Hengwang, Hydra, ...) on DirectIndustry, the industry ...

2022 Gtechdrill GT-16 Tier 4 Final Stage 5 rubber track mounted drill, Wireless remote control drilling console, over 16,000 ft lbs of torque, Mud Rotary Wash ...

This rig has since gone on to drill over 150,000m in some quite challenging formations. We have since developed wireless remote controlled diamond and hydro rigs to add to our fleet of ...

LOGIX(TM) automation and remote operations integrates autonomous drilling solutions that enable superior drilling performance on every well. The steering solution autonomously steers the well ...

Leading the industry in rig automation, our control systems seamlessly integrate drilling equipment, improve performance, and boost drilling efficiency.

These high-capacity remote-controlled drill rigs will have tilting drill heads and dual 20" hydraulic breakouts for hands-free rod handling, state of the art Driller's control cabins, Safe T Load pipe ...

LOGIX(TM) drilling automation incorporates industry-forward technology like digital twins and machine learning to steer without human intervention. Autonomous ...

Our Equipment CQE offers a range of modern drill rigs fitted with the latest hands-free technology. XDR 1200H Number of Rigs: 2 Truck Type: Tatra8x8 Rig Engine: Cummins 8.3L Top Drive: 2 ...

Commando(TM) DC130Ri is a fully remote-controlled, rubber-tired top hammer drill rig designed for road construction, demolition works and other applications. Upgraded features make this a ...

The big innovations in surface drilling include key advances in autonomous and remote control technologies and solutions. Both are said to ...

This well drilling equipment comes with wireless handle control for remote operation, enhancing flexibility, efficiency and safety of well drilling. It's a top performing water ...

HOUSTON - February 26, 2025 - Halliburton (NYSE: HAL) and Sekal AS deployed the world's first automated on-bottom drilling system with the integration of Halliburton's LOGIX(TM) ...

HOUSTON - February 26, 2025 - Halliburton (NYSE: HAL) and Sekal AS deployed the world's first automated on-bottom drilling system with the ...

In contrast, on the production side, autonomous drilling equipment is now standard, ranging from remote control, tele-remote and semi to completely autonomous. Exploration ...

Remote control drilling rigs

Wireless remote controlled drill rigs eliminate the hazards of falling objects, and significantly reduce exposure to noise, heat, vibration and extreme energy ...

HPM Foundation Drill Rig Lineup Our lineup of HPM Foundation Drill Rigs is engineered by a team of industry experts and utilizes the power ...
