

Remote control rock drill

Which Rock Drill is best for construction contractors?

FlexiROC T20 is the construction contractor's best friend. The pure drilling power of the 14 kW rock drill is key. With Radio Remote Control, COP SC14 rock drill and flexible drilling angles, the FlexiROC T20 R knocks out all the competition in its class.

What is a commando dc300ri drill rig?

Commando(TM) DC300Ri drill rig is a hydraulic, self-propelled, compact drilling unit on a four-wheel oscillated drive carrier with full radio remote control. Easily moved from one location to another, it is perfect for contractors working in variable applications.

Which excavator drill attachment is best?

The TR-EX 1000 stands as a reliable, robust, and adaptable excavator or backhoe-mounted drill attachment. Installed on the excavator's dipper stick, this attachment seamlessly transitions from drilling to bucket or breaker operations within minutes. The TR-EX 1500 is a compact and high-performance excavator drill attachment.

>> Product Description The Hydraulic Rock Drilling Jumbo is a state-of-the-art mining machine designed to address the challenges of traditional mining operations. With advanced hydraulic ...

Sandvik Mining and Rock Solutions is introducing AutoMine™ for Underground Drills, a cutting-edge tele-remote solution that enables operators to remotely and simultaneously control and ...

Delkom No : 200200026 Epiroc No : 2651109403 Furukawa No : 920006-40001 - Hydraulic Rock Drill Parts - Best Quality Alternative Spare Parts For Epiroc, Sandvik, Furukawa Etc.

MDR 2400 Remote Available in Steel A rock drill that is built to last. The drill rig is fitted with the RDTT-20 rock drill, which makes the drill rig particularly suitable ...

The remote radio control, 14 kW RD414 rock drill, advanced i-series torque control system and up to 18 m² (193 sq ft) coverage area add up to a cost ...

Wireless Remote Control System: Allows operators to control the machine from a safe distance (typically 10-100 meters). Operates drilling functions such as positioning, boom ...

Find remote controlled drilling machines for various applications. Durable, efficient, and easy to operate. Perfect for mining and geological surveying.

Ranger DQ500 is a hydraulic surface drilling rig with a ROPS and FOPS-certified cabin, radio remote control

Remote control rock drill

and rod handling system. It is designed for pilot hole drilling in dimensional ...

Z20 Remote Control Underground Drill Rig for Mining and Rock Solutions, Find Details and Price about Long Hole Drilling Underground ...

The remote radio control, 14 kW RD414 rock drill, advanced i-series torque control system and up to 18 square meter (193 sq ft) coverage area ...

PD-Y28 Drilling Attachment wz wireless remote control Model: PD-Y28 Drilling Depth: 2200mm Air Consumption : 52-81 L/S Air Pressure: 0.5-0.6Mpa Dimension: 3600x550x900mm Adaptive ...

We produce the highest quality alternative spare parts in the world for Epiroc, Atlas Copco, Sandvik, Furukawa, Mine Master, Komatsu, Montabert, Soosan, Junjin, CAT etc. all drill rig ...

2022 Gtechdrill GT-16 Tier 4 Final Stage 5 rubber track mounted drill, Wireless remote control drilling console, over 16,000 ft lbs of torque, Mud Rotary Wash / Hollow Stem Auger / Diamond ...

TECHNICAL SPECIFICATION Trimmer DQ240R is hydraulically operated, excavator mounted line drilling unit for dimensional stone quarries. DQ240R includes feature rich drilling control ...

REDUCED COSTS A light and compact teleremote control station enabling the drill to be operated remotely and allowing the operator to drill more holes during shift change, blasting ...

Atlas Copco D7-11 and D7-RRC Drill Package available now at Savona Equipment. The 2010 ROC D7-11 Quarry Drill has 8,050 Frame Hours and ...

The invention relates to an intelligent remote control wheel type rock drill for automatically carrying out drilling, hammering and brazing on a mine and is particularly suitable for the fields of ...

Commando(TM) DC300Ri drill rig is a hydraulic, self-propelled, compact drilling unit on a four-wheel oscillated drive carrier with full radio remote control. Easily ...

TECHNICAL SPECIFICATION Teleremote drilling is an advanced and portable drilling control station available for Sandvik DD422i / DD422iE development drills allowing easy and reliable ...

Wireless remote controlled drill rigs eliminate the hazards of falling objects, and significantly reduce exposure to noise, heat, vibration and extreme energy ...

FlexiROC T30 R radio remote-control topammer drill rig comes with either a COP 1240 or 1640 drill for 2- to 3.5-inch holes. The standard hydraulic carousel-type rod handling ...

Remote control rock drill

2022 Gtechdrill GT-16 Tier 4 Final Stage 5 rubber track mounted drill, Wireless remote control drilling console, over 16,000 ft lbs of torque, Mud Rotary Wash ...

Key Features: Wireless Remote Control System: Allows operators to control the machine from a safe distance (typically 10-100 meters). Operates drilling functions such as ...

This compact excavator drill rig is easy to be attached onto an excavator and operates via remote control system. By studying our installation and start-up ...

Readiness for AutoMine[®]; for Underground Drilling AutoMine[®]; for Underground Drilling is a tele-remote system enabling an operator to remotely control and ...

A crawler-type double-arm rock drilling car which can be operated by wireless remote control is developed. It can be operated by remote control and adjusted manually. It ...

Commando(TM) DC130Ri is a fully remote-controlled, rubber-tired top hammer drill rig designed for road construction, demolition works and other applications. Upgraded features make this a ...

Description Estimated Delivery Time : 1-2 Week Note : For bulk purchases we can produce with your company name engraved on the product with private label option. We produce the ...
