

Remote controlled track drill rig

Crawler Rotary Drill Rig, Well Digger Rotary Drilling Rig, Rotary Drilling Rig Remote Control, Hydraulic Rotary Drilling Rig, Portable Rotary Drilling Rig, Track Roller Rotary Drilling ...

The MR-C 35 radio-controlled hydraulic track-mounted drilling rig is designed with a single-section arm that allows you to drill horizontal, vertical, or inclined ...

Electric remote control chassis for underwater robots. Durable, customizable, and easy to operate. Perfect for various applications. Video support included. | Alibaba

Now we've improved it further by building it on remote-controlled tracks. Since its introduction in 1971, the all-hydraulic SIMCO 2400 rig has ...

Advantages Remote-controlled Track Movement - Highly Maneuverable Full Hydraulic Transmission - Strong Controllability Multi-process Integration - ...

With the added remote control feature, crews can drive the rig into tight spots and guide the rig in place while being able to see the whole site. ...

Each drill package has its own comprehensive Containerised mobile workshop/office and either a tracked carrier or all-wheel drive support vehicle. Included is sufficient down hole equipment to ...

The Geoprobe® 6620DT is a fully hydraulic, rubber track mounted mobile remote controlled drill rig equipped with a very powerful hydraulic hammer with built in rotary spindle for concrete ...

Terrasonic 150CC Rig Terrasonic 150CC is the most powerful sonic rig on a small platform currently in the industry. Just in line with most of PeneCore's rig it can fit in limited access ...

Remote control track drive, engine throttle and front carrier winch allow the operator to move freely around the machine. Manual back-up controls are ...

The TP-19 and TP-37 carriers are mounted on durable rubber tracks with auto-brake, and can be ordered with an optional remote control drive, four leveling ...

02 Wireless Remote Control The remote control allows the driller to maintain a safe distance and keep their feet planted firmly on the ground while moving the rig 03 Rubber Tracks The rubber ...

Remote radio controlled steering and track speed Hydraulic front winch, 15,000 pound capacity (6,804 kg),

Remote controlled track drill rig

remote controlled Emergency towing capabilities ...

Engineered with versatility and ease in mind, investing in Geoprobe's track drill rigs provides efficient success off the beaten path by nimbly maneuvering you ...

The Track "n Grab is the latest in drilling innovation that puts safety and efficiency first. Equipped with rod rack Remote-controlled ManipAll 250 Battery-powered ...

MR-C 20P hydraulic radio-controlled track mounted drilling rig designed for horizontal, vertical, or inclined holes. You can equip the rig with rotary head or ...

The Titan HD track-mounted heavy-duty, deep-hole core drill features Cat 312L steel tracks, telescoping hydraulic stabilizers and a remote control drive package. The HD track package ...

Ranger(TM) DX800R is a hydraulic, self-propelled, self-contained, crawler-based surface drilling unit with a radio remote control panel and rod handling system. Designed for efficient top hammer ...

Remote control track drive allows this machine to climb hills, traverse mud, sand, rocks and snow all while the operator's feet are planted firmly on the ground. ...

Remote control track drive Track drive controls, engine throttle and carrier winch are all operated by remote control giving the operator freedom to monitor the ...

Remote control track drive allows this machine to climb hills, traverse mud, sand, rocks and snow all while the operator's feet are planted firmly on the ground.

DA Smith's CME-55 drilling fleet includes versatile, self-contained vertical and angle-capable geotechnical rigs capable of both auger and core drilling. All rigs are rubber-tracked and can ...

Flyable drill rig with a depth capacity of 700 m that can be assembled in less than an hour and is ideal for drilling in remote locations.

Innovation Remote Controlled Drill Rigs FORACO pioneered the deployment of the first wireless remote controlled RC rig with full Measurement While Drilling ...

Diedrich Drill's Rob Caho presents the D50 drilling rig at the Florida Ground Water Association's 2015 convention and tradeshow in Orlando.

The GM100 is a fully hydraulic, rugged and mobile multi-purpose drill rig for Environment and Geotechnical site investigation, Exploration Drilling, Rock Drilli...
