

Rigid compact drill review

Is RIDGID a good drill driver?

The Ridgid 18V Brushless Cordless Sub Compact 1/2 in is a good drill with a high level of performance and great battery life, but lacks the power to get certain jobs done. Therefore, we can't recommend the Ridgid over other stronger options. What Other Drill Driver Should You Consider?

Where can I buy a Ridgid drill?

The Home Depot is the exclusive home for Ridgid tools, and Ridgid's 18v " drill kit is its top cordless drill in both ratings and sales. Ridgid's kit includes a 2Ah battery, charger, and soft case. The drill itself includes a metal ratcheting chuck, hex grip, and an LED light mounted on its base rather than above the trigger all for about \$100.8.

Is the RIDGID 18V brushless cordless sub compact good?

The Ridgid 18V Brushless Cordless Sub Compact 1/2 in. earned a strong final score in our comprehensive testing for a good balance of drilling ability, battery life, and convenience, although its driving abilities left a little to be desired.

How fast does a Ridgid 18V brushless sub compact drill a hole?

The Ridgid 18V Brushless Sub Compact 1/2 in. was one of the better performers with going through our 16 gauge sheet steel tests. It was able to make a 1/8-inch hole in approximately 1.22 seconds and repeated this impressive performance in our 1/8-inch drilling test, which only took 3.19 seconds.

How much does a Ridgid hammer drill cost?

Both of these tools are currently available as kits from The Home Depot and come with a pair of 2.0Ah batteries, a single-port charger, and a carrying case. The drill driver retails for \$149.00 and the hammer drill goes for \$159.00. Both carry Ridgid's lifetime service agreement when you register them within 90 days of purchase.

What is a Ridgid hammer drill?

Compared to the original SubCompact drill and hammer drill, Ridgid primarily tweaked the ergonomics while boosting the overall torque significantly. They are perfect for those light to medium-duty applications where working space is limited or a lighter tool simply proves advantageous.
