What are Ridgid's pressing tools?

RIDGID's pressing tools are unsurpassed in making quick and reliable connections on copper, stainless steel, PEX and multi-layer tubing. Easy to learn, easy to use. Compact and standard series press jaws for ProPress's, PureFlow(TM), and ASTM F 1807 plumbing systems. For use with standard RIDGID pressing tools to crimp Schedule 5-40 black iron pipe.

Why should you choose a Ridgid press tool system?

The RIDGID press tool system saves you time and money by delivering reliable performance, press after press. Choose from lightweight pistol-grip and inline models to find the tool that works best for you. Press copper, stainless steel, and PEX with the RIDGID press tool system. The rotating barrel makes the connection even easier to reach and complete.

What is an upright drill press?

The upright drill press allows the operator to hand feed or power feed the tool into the workpiece. The power feed mechanism automatically advances the tool into the workpiece. Some types of upright drill presses are also manufactured with automatic table-raising mechanisms.
