

## Rigid palm impact drill

What is Ridgid 12V palm impact screwdriver?

The Ridgid 12V Palm Impact Screwdriver doesn't look or feel like a traditional impact driver. It has an intelligent design that places your hand directly behind the fastener will help eliminate cam outs. The pressure-driven variable speed lets you be more precise when working with delicate materials.

What is the difference between Ridgid 12V and palm impact drivers?

The Palm Impact is also in Ridgid's 12V family and is a designated screw driving specialist. Outside the height and 1/4" hex collet, it begins to have vastly different characteristics than my Ridgid 12V Impact Driver.

How does Ridgid palm impact work?

The Palm Impact shares Ridgid's excellent 1/4" collet. One-handed bit loading locks the bit in place without having to pull the collet forward. Ejection is spring loaded so that retrieving your bit is also one-handed. Ridgid's Hex Grip overmolding is in place to help with grip.

Why do you buy r8224k Ridgid palm impact drivers?

I buy them because they work; they work well. Today's delicious offering, provided to us by The Home Depot, is the model R8224K RIDGID palm impact driver - it's compact, it's light, it's cordless, and it may surprise you.

What is a palm drill?

The natural wood handle has been treated to ward off any damage from the elements. Each palm drill is easy to use by small or larger hands, allowing the user to drill holes in wood and other small objects with a simple twist of the palm drill.

What is a Philips impact drive?

A white LED illuminates the way. Overall height of the driver and included #2 Philips bit is a squat 5". The impact drive supplies torque and downward pressure while greatly reducing the chance of stripping your screw heads; all with little effort on your part. It just makes life easier. And really, isn't that what new tools are all about?

Rigid palm impact driver from Home Depot is a good idea; but terribly implemented. Biggest problems are the speed control (stupid) and the power (none). I appreciate your help to make these VJOs ...
