

## Russian YT28 gas leg rock drill

YT27 Hand Held Rock Drill Pneumatic Portable Tunnel Boring Drilling Machine Jack Hammer with air-leg  
Product descriptions: The rock drill is used for rock drilling, blasting holes and other ...

A pusher leg rock drill is a type of pneumatic (air-power) rock drill for mining, tunneling, and other construction applications where require drilling in rock.

View and Download Atlas Copco Secoroc YT Series operator instructions manual online. Pusher Leg Rock DRILL. Secoroc YT Series drill pdf manual ...

YT28 Air-leg Rock Drill most fit for drilling horizontal and inclined blast holes in medium-hard and hard rock with a hardness of  $f=8\sim 18$ . It may also be used with for making roof-bolting holes. ...

YT28 AIR- LEG ROCK DRILL Applications: Most fit drilling horizontal and inclined blast holes in medium-hard rock with a hardness of  $f=8\sim 18$ . It may also be for making roof bolting holes. The ...

Introduction& Model what"s a rock drill :YT type air-leg rock drill is widely used in mine roadway excavation and drilling blasting holes in various rock drilling ...

Scope of application YT28 is a heavy-duty pusher leg Rock Drill featuring high efficiency and low air consumption is primarily designed for drilling in mines,hydro-power stations,and road ...

The YT28 air-leg rock drill is a kind of high-efficiency, energy-saving and environmentally friendly rock drilling equipment. Compared with similar pneumatic products, the YT28 air-leg rock drill ...

Gimarpol"s YT27/YT28/YT29A type pneumatic rock drill for drilling in the hard rock horizontal and inclined direction hole, can also be up drilling anchor hole, hole is ? 35 ~ 45 mm in diameter, ...

It has superior performance and is the most reliable to use. The most efficient rock drill. It is most suitable for rock drilling operations in large mines, medium-sized mines, and ...

Description YT28 Air Leg Rock Drill Most fit drilling horizontal and inclined blast holes in medium-hard rock with a hardness of  $f=8\sim 18$ . It may also be for making roof bolting holes. The drill is ...

Rock Drill YT28 Product Description: The Products are mainly used in construction sites, various types of mines, railways, water conservancy construction and national defense construction ...

The YT28 Hand Held Pneumatic Air Leg Rock Drill is a powerful and efficient drilling tool commonly used

## Russian YT28 gas leg rock drill

in mining, quarrying, and construction applications. It is designed with a ...

The YT28 rock drill is a highly versatile air leg rock drill, primarily used for rock drilling in tunnel projects and mine tunnel excavation. It is compatible with the FY200C oiler and the FT160BC ...

Application of YT28 Hand Held Air Leg Rock Drilling Machine YT28 Hand Held Air Leg Rock Drilling Machine is widely used in mining, tunneling and various ...

Secoroc YT28 is a heavy-duty pusher leg rock drill featuring high efficiency and low air consumption. It is primarily designed for drilling in mines, hydropower stations, and road ...

YT28 air leg rock drill. It is a new type of high efficiency rock drilling machinery. It is widely used in mining roadway excavation and drilling blasting holes in various rock drilling operations, is ...

Our pusher legs and stoper rock drills cover all construction, tunnelling and mining applications in different rock formations. They are robust designed, ...

1.The rock drill is a kind of high efficiency air leg rock drill machine. 2 ed for blasting holes and other drilling works in a quarries, railway construction, water conservancy construction and ...

YT28 AIR- LEG ROCK DRILL Applications: Most fit drilling horizontal and inclined blast holes in medium-hard rock with a hardness of  $f=8\sim 18$ . It may also be for ...

Lowest Price for Gas Powered Rock Drill - High quality YT28 Air leg rock drill, mine drilling machine, for quarrying, tunnel and mine drilling operations - Shenglida

YT28 Pneumatic leg rock drill Air leg rock drill is an efficient rock drilling machine. It is widely used in rock excavation and various rock drilling operations to drill and blast holes, and is an ...

The YT28 air leg rock drill is most suitable for dry drilling downward and inclined blast holes in medium hard and hard rock with a hardness of  $F8-18$ . An ideal ...

Our pusher legs and stoper rock drills cover all construction, tunnelling and mining applications in different rock formations. They are robust designed, with high impact energy ...
