

## Sandvik drill rigs

Ranger(TM) DX800 is a hydraulic, diesel-powered, self-propelled top hammer drill rig with an ergonomic cabin and rod handling system. Typical applications are ...

Our full selection of mining and surface equipment for rock drilling, crushing and screening, loading, tunneling, quarrying, breaking and demolition.

With a complete range of equipment and tools, services and technical solutions, we help the mining and infrastructure industries increase efficiency, cut costs ...

Sandvik DU411 is a center-articulated, carrier-mounted in-the-hole (ITH) drill that provides highly accurate drilling and enhances profitability with the lowest cost ...

Exploration Drill Rigs Sandvik offers a wide range of exploration drill rigs for surface and underground exploration drilling. The exploration drilling equipment ranges from lightweight ...

Rotary blasthole drills from Sandvik set the standard for productivity, durability, and cost effectiveness. These machines are built for continuous drilling in some of the harshest ...

Our intelligent rotary drill rigs bring the latest technology to surface mining applications. Designed to work in the toughest operating conditions, our rotary blasthole drill rigs combine power with ...

Sandvik DU431 is a fully mechanized in-the-hole (ITH) longhole drill fitted with an onboard booster and designed for underground mining in 3.2 x 3.2 or larger production drifts. This compact rig ...

The D50KX rotary/DTH blasthole drill features digitally driven enhanced productivity with features like high-precision TIM3D GPS navigation and the ...

Traxxon is a leading supplier of surface drill rigs from Sandvik in Canada, providing precision rock drilling equipment for challenging applications.

Intelligent development drilling with Sandvik DD312i - a cutting-edge- drill delivering high performance and advanced technology for underground mining.

The Sandvik Leopard DI650i is a down-the-hole drilling rig, diesel-powered and self-contained, designed for high-capacity drilling applications in surface mining.

Intelligent rigs. Impressive results How do Sandvik iSeries drills deliver verifiable customer value using

## Sandvik drill rigs

intelligent drilling technology? Learn how as Craig Hall, Product Manager Rotary Drills ...

Elevate your mining efficiency with the DD311 underground drill by Sandvik. This development rig is engineered for reliability and precision in underground drilling.

Our offering of equipment and tools, service and technical solutions for mining and rock excavation covers rock drilling, rock cutting, crushing and screening, ...

Unlock versatility in development drilling with the Sandvik DD210 drill rig. This versatile rig combines reliability and adaptability for various mining needs.

The drill is equipped with Sandvik Intelligent Control System Architecture (SICA), a well-proven and commonly used computerized control system across ...

Experience efficient underground drilling with the DD322i drill rig by Sandvik. This advanced drill rig combines technology and performance for optimal mining ...

Sandvik DL421 is a versatile longhole drill rig engineered for large-scale production drilling in underground mines. It is designed for vertical and ...

We engineer an extensive range of underground drill rigs for mining development and production. Available in a variety of feed lengths, boom configurations and size classes, our underground ...

Engineered for easy, ergonomic operation and safer maintenance. Sandvik solutions improve efficiency and reliability in the underground drilling. Sandvik ...

DR412i blasthole drill is designed to deliver dependable penetration and greater return on investment for rotary and DTH holes. From onboard automation that ...

Sandvik DL321 is a versatile longhole drill rig engineered for small-and medium-scale production drilling in underground mines. It is designed for vertical and ...

Browse our extensive inventory of new and used Sandvik drills / drilling equipment from local Sandvik dealers and private sellers. Compare prices, models, trims, options and specifications ...

Ranger(TM) DX700 is a hydraulic, self-propelled, self-contained and crawler-based surface rig with an ergonomic, high-visibility cabin and rod handling system. Typical applications are road ...

Sandvik DR412iE blasthole drill enhances rotary and DTH drilling performance, maximizing returns. It features scalable automation, from onboard systems to full autonomy, adapting to ...

## Sandvik drill rigs

Sandvik D45KS drills holes down to a maximum depth of 63 meters (206.69 ft) and is designed for coal, gold and iron ore mining. It prioritizes easy ...

Sandvik 365 Parts & Services offer a variety of possibilities to enhance your Sandvik DD422iE drill's performance. As an OEM, we provide the best-suited choices to preserve your ...

Sandvik Rental Services offers a wide range of Surface drill rigs, such as top hammer and down-the-hole drill rigs. Sandvik intelligent surface drill rigs bring the latest technology to surface ...
