

Sandvik underground diamond drill rigs

Product description The Diamec Smart 6 is equipped with an advanced Rig Control System (RCS) which enables automatic drilling from a safe distance. Drilling parameters are easily set and ...

The Sandvik DE881 is a heavy-duty multipurpose exploration drill rig and is the industry benchmark in performance. The DE881 offers more depth capacity in both diamond and ...

Explore the precision and efficiency of the Sandvik DD422iE electric drill rig, a top-notch solution for development drill rigs in mining operations.

Sandvik Mining & Rock Solutions is continuously improving on its underground drilling solutions. In Africa, underground mining mainly takes place in sub-2 m environments.

Sandvik Mining and Rock Solutions is introducing a drilling performance upgrade package for Sandvik DD210 narrow vein underground ...

Sandvik DD211L is an electro-hydraulic development drill engineered for excavations with headroom as low as 2 meters (6.5 ft). It has a robust universal boom with 360-degree rotation ...

Sandvik DL321 is a versatile longhole drill rig engineered for small-and medium-scale production drilling in underground mines. It is designed for vertical and ...

Whether the focus is on tunneling, development, production drilling, or material handling, our equipment and technologies are designed to deliver efficiency, safety, and precision in any ...

Sandvik Mining and Rock Solutions has launched a drilling performance upgrade package for its DD210 narrow vein underground drill rig, designed for operations in confined ...

These calculations are based on feedback from field operatives and can be reasonably expected with vertical, water filled holes, by a well-trained drill-ing crew using high quality drilling tools. ...

Sandvik DU411 is a center-articulated, carrier-mounted in-the-hole (ITH) drill that provides highly accurate drilling and enhances profitability with the lowest cost ...

Sandvik has brought together some of the industry"s most outstanding expertise, products, techniques and equipment to provide a unique offering in the area of exploration drilling. ...

Used drilling rigs for sale across Australia including geotechnical, blasthole, underground, multipurpose, and

Sandvik underground diamond drill rigs

RC rigs. Licensed broker and experienced ...

SANDVIK TOOLS AND CONSUMABLES Sandvik have a complete range of down hole tools and consumables to support exploration rigs for start up and continued operation, Sandvik can offer ...

Sandvik DL311 is a longhole drill rig engineered for small and medium-scale production drilling in underground mines. This versatile rig is designed for ...

TECHNICAL SPECIFICATION The SANDVIK DE140 is a compact and powerful drill rig designed to meet the requirements of harsh underground environments. The lifting capacity and feed ...

Sandvik have a complete range of down hole tools and consumables to support exploration rigs for start up and continued operation, Sandvik can offer competitive tooling packages with the ...

SCX DE881 (UDR1200) Heavy-Duty Drill Rig The SCX DE881 (UDR1200) is a heavy duty multi purpose exploration drill rig, it is the industry benchmark in performance and offers more depth ...

Sandvik DD212i, is the first intelligent i-series narrow vein drill and the industry's most advanced underground drill of its type.

Sandvik DL432i is a fully mechanized top hammer longhole drill designed for underground mass mining in 3.4 m x 3.4 meter or larger production drifts. It has a high-drilling capacity and offers ...

Enhance your mining development with the DD321 drill rig by Sandvik. It's a development rig designed for efficient underground drilling, ensuring precision.

Savona Equipment is your source for New, Used, and Reconditioned Diamond Drills of many types, sizes, and styles for exploration of ore deposits in potential mining sites. All our ...

Sandvik Mining and Rock Solutions is at the forefront of this revolution, introducing a range of underground drill rigs and bolters equipped ...

It is equipped with a wide range of automatic drilling functions and provides a high level of performance, accuracy and safety for underground ...

A next generation "intelligent" rig, the Sandvik DD422i is one of the most advanced drills ever produced by Sandvik. It is equipped with a wide ...

TECHNICAL SPECIFICATION The SCX DE130 is the most economic drill in its class for the underground and surface drilling contractor or mine operator. Through continuous ...

Sandvik underground diamond drill rigs

There are many variations of passages of Lorem Ipsum available, but the majority have suffered alteration in some form, by injected humour.

logy and rock conditions. Sandvik's expertise covers all these methods, helping you to get the most out of your investment. Drilling rigs, roadheaders, hammers and tools as well as ...
