Are rotary screw air compressors oil-free?

We're proud to offer an oil-free range of screw air compressors to our NZ customers as well. Our rotary screw air compressors range from 4kW to 200kW. If you are looking for screw compressors, Ash Air's range of Chicago Pneumatic, ALUP, and wisAIR has your compressed air solutions.

Where are Chicago rotary screw air compressors made?

Chicago Pneumatic and ALUP rotary screw compressors are manufactured in Europe and offer modern design, proven technology, and reliability. Chicago Pneumatic rotary screw air compressors are built on the very robust platform and feature state of the art controller and high-efficiency screw element.

Where are alup air compressors made?

For power above 45 kW we offer ALUP air compressors, designed and manufactured in Europe. We installed Alup rotary screw air compressors at dozens of sites in New Zealand for food processing, at timber plants and other industrial sites.

Are rotary air compressors oil lubricated?

Rotary air compressors come in two primary versions: Oil-lubricated Screw Air Compressors and Oil-free Screw Air Compressors, with options for fixed speed, dual-speed or variable speed drive operation.

What is a rotary screw compressor?

Rotary screw compressors are designed for a wide range of users across various industries and applications. They are powered by two counter-rotating screws that compress air as it moves through the compressor. These units are designed for continuous use, capable of operating 24 hours a day, 7 days a week.
