

Small track mounted drill rig

What is a track mounted drill rig?

Geotech operates a fleet of track mounted drill rigs throughout our operations. Outfitted with a track system, these rigs are perfect for difficult access locations, where access conditions are difficult. Our track rigs have been designed to service many industry sectors including; construction, mining, oilfield, dams, and pipeline investigation.

What is a track rig?

Our track rigs have been designed to service many industry sectors including; construction, mining, oilfield, dams, and pipeline investigation. The track rigs are also multidimensional and can complete an array of drilling methodologies, including; rotary air blast, diamond coring, air coring, mud rotary, reverse circulation and bulk sampling.

Why should you invest in Geoprobe® track drill rigs?

Engineered with versatility and ease in mind, investing in Geoprobe® track drill rigs provides efficient success off the beaten path by nimbly maneuvering you to remote sites while diversifying drilling and sampling options all with a single track mounted drill rig. Don't see a feature you're looking for on your track drill rigs? Give us a call

What is a rubber track rig?

This compact, rubber-tracked rig was designed to complete work on drill sites where access is limited and/or environmental impact must be kept to a minimum. Compact enough to drive through a standard door frame, the rig has a width of just 34 inches and a height of 69 inches when configured in travel mode.

What is a limited access geotechnical drill?

The limited access drill's versatility and portable design make it ideal for any mineral exploration, geotechnical or environmental drilling program. MPP's new limited access geotechnical drill. This compact, rubber tracked rig was designed to complete work on drill sites where access is limited and/or environmental impact must be kept to a minimum

What is the smallest rotary drill platform?

Remote control track drive makes it a rolling drill platform with the smallest possible foot print. With 28,275 pounds (12,825 kg) of retract force and up to 9,425 foot pounds (12,779 Nm) of rotary torque, the CME-55 is capable of drilling holes up to 14-3/4 inches (37 cm) in diameter using hollow stem augers.

Engineered with versatility and ease in mind, investing in Geoprobe® track drill rigs provides efficient success off the beaten path by nimbly maneuvering you to remote sites while ...

MK01 & MK08 are our wireless remote compact track mounted multipurpose drilling rigs with geotechnical,

Small track mounted drill rig

environmental and water bore capabilities. Even ...

The Geoprobe 6712DT is a compact, track-mounted drill rig designed for projects requiring limited access and mobility in confined spaces. Its flexibility makes it ...

Compact Track Rig Amdrill has 6 Compact Track Rigs! Our Compact Track Drill Rigs or Mini Rigs are ideal for any job site with tight accessibility like: garages, narrow gates, narrow lots, pool ...

The harsh Australian environment is no match for our track mounted drill rigs. We have multiple, top-of-the-line, track mounted drill rigs and track mounted ...

Geoprobe®; 54LT Track Mounted Limited Access Direct Push Rig: The Geoprobe®; Model 54LT direct push limited access drill rig is a rugged, compact probing unit designed for tight spaces ...

The CME-55 drill, a standard in its class for more than 60 years is available on the CME-300 rubber track carrier. Remote control track drive makes it a rolling drill platform with the smallest ...

CME - Auger drill rigs and drilling equipment for the geotechnical, environmental, mineral exploration, and construction industries.

This powerful track mounted limited access machine was designed specifically to be durable and powerful. It is equipped with robust GH63 series hammer, 2-speed auger head attachment, ...

The crawler drill machine YODHA150-2X is a low-cost, effective, and versatile drilling rig that offers great return on investment for a wide range of applications. The compact and lightweight ...

The track-mounted Geoprobe 6712DT is our newest addition. It is equipped with the same powerful Geoprobe GH63 Hammer found on the larger 7822DT rig, but is much lighter with a ...

Browse our available drill rentals like the powerful Geoprobe 7822 DT. Our drill rig tooling comes with core drill package capabilities for best performance.

The GEO line includes a wide range of models installed on (steel or rubber) crawler tracks, ranging from lightweight and small footprint units ideally suited ...

It brings full Terra Sonic power and innovation to a compact footprint for remarkable flexibility and versatility. The track-mounted 150CC easily reaches limited-access areas and tough terrain. ...

Our MA-23, MB-23, MB-38, MC-23 and MCX-38 are mini rigs with SPT Autohammer, the MA-23 can also perform rotary drilling and both can be ...

Small track mounted drill rig

Both in-out and sideways slide bases are standard equipment on the CME-55/300 track drill. An 18 inch (45.7 cm) in-out movement allows you to quickly move ...

Ranging in size from small, limited access drilling rigs to large platform/big performance sonic drilling rigs, our drill rigs cover a range of applications.

We carry an extensive line up of track-mounted and truck-mounted rental drill rigs as well as crawler carriers and support equipment. Our rental drill rigs are ...

Download XC DTS710 Tight Access Track Mounted Available from Brisbane Download Comacchio GEO 205 Track Mounted Available from Sydney Download High Performance ...

R-57 Eijkelkamp MRS XL MAX DUO, Track Sonic Rig This rig has the capability to drill to depths greater than 60 meters. The R-57 is mounted on a Fraste rubber-tracked carrier, which ...

Explorer - Track Mounted RC Drill MPP's largest RC drill, the Explorer was developed for large diameter, deep hole RC (reverse circulation) drilling. The rig features a 675 HP Cummins ...

Rig Specs: 2 to 5 - Track-Mounted LF90Ds The set-up of these rigs has a very small footprint - their static footprint is just 2.5m x 3.5m (compared to 3m x ...

Our Trekker 2100 drill rigs are a top-performing solution for businesses seeking a medium-duty drilling rig. This versatile drill rig can be mounted on crawler ...

Earth Drilling's TerraSonic Mini Rig can drill to depths greater than 244 m @ 150 mm hole diameter and is mounted on 300mm wide tracks providing for low ground pressure (0.46 ...
