

Soilmec drilling rigs

Soilmec's latest rig, the SR-65 Blue Tech, offers a range of features designed to simplify operations without compromising reliability or performance. It's the ...

The new SM-11 is a 25,000-pound micropile/tieback drilling rig that offers high performance and efficiency in a compact size. This top-performing rig uses ...

The Soilmec SR-90 hydraulic drilling rig has been specially designed for the following applications: - cased bore piles with casing driven directly by the ...

Soilmec Providing drilling and foundation equipment to many different industries, Soilmec is an international leader in designing, manufacturing and distributing ...

SR-30 Eagle Agile and powerful The SR-30 Eagle is the smallest model in Soilmec's line-up of drilling rigs. Built with a lightweight design the rig features a high torque rotary head, powerful ...

The SM-20 is a multipurpose hydraulic drilling rig. Its modular design is engineered for the execution of micropiles, tie-backs, anchors, jet-grouting, drains, water wells. The rig is fitted ...

SoilMEC SR-30 Drilling Rig The SR-30 Eagle from Soilmec is a testament to the adage "When Less is...More," offering a compact yet powerful solution for drilling operations. Despite being ...

SOILMEC DMS®; - SOILMEC DRILLING MATE SYSTEM Electronic system for drilling equipment control, production supervision, and fleet management, developed and owned by Soilmec. ...

DMS, Drilling Mate System, is the control center of your job site and Soilmec drilling rigs. In 2004, Soilmec was the first manufacturer in the world to develop a system for the global control of ...

The Soilmec SM-4 is a compact drilling machine featuring a separate power pack for restricted access drilling. It has two different engine sizes available: 115 kW ...

SoilMEC SR-30 Drilling Rig The SR-30 Eagle from Soilmec is a testament to the adage "When Less is...More," offering a compact yet powerful solution for ...

Soilmec's latest rig, the SR-65 Blue Tech, offers a range of features designed to simplify operations without compromising reliability or performance. It's the only rig in its class you can ...

Soilmec provides the foundation engineering and underground construction industry with a full spectrum of

Soilmec drilling rigs

innovative equipment solutions. Soilmec's product line has the most advanced, ...

The Soilmec SR-90 hydraulic drilling rig has been specially designed for the following applications: - cased bore piles with casing driven directly by the rotary head or optionally by ...

The Soilmec SM-11 is a 25,000lbs Micropile/Tieback Drilling Rig. The SM-11 with its compact design is particularly suitable in urban construction sites and in limited-access job sites.

The Soilmec SR-65 is engineered to tackle diverse challenges easily. The versatile drilling capabilities support kelly bar, CFA, displacement ...

SOILMEC machines for the excavation of wells are distinguished by the combination of performance, robustness, ease of operation, and advanced drilling technology. Several ...

Soilmec Top Drive Drilling Rigs are the workhorses of our fleet. The largest drilling rigs in the Midwest, they have impressive torque and can drill very large shafts ...

The SOILMEC SR-45 from Western Equipment Solutions is a lighter, fuel-efficient drilling rig with precise control & DMS monitoring. It's self-assembling & easy ...

The SR-30 Eagle is the smallest model in Soilmec's line-up of drilling rigs. Built with a lightweight design, the rig features a high torque rotary head, powerful ...
