

Surface top hammer drill rig

Our surface top hammer drilling rig is made to drill holes in different angles and maintain great performance and mobility in difficult terrains.

Commando(TM) DC120 is a hydraulic, self-propelled drilling unit, built on a four-wheel drive carrier. It is suited to operating in challenging conditions and tight ...

The SWDH series is surface top hammer drilling rigs which have a drilling diameter of 76-127mm and a max drilling depth of 24 Meeting the drillingneeds of vertical, inclined and horizontal ...

Designed to work in the toughest operating conditions, our surface drill rigs combine power with precision and are designed for efficiency and operator ...

The reason customer want to drill the hole is that drill and blast is the most efficient and economic way to break rock instead of excavating it. ...

THE STORY OF THE TOP HAMMER XL SYSTEM Optimizing drilling operations and cutting costs is a constant focus of surface mining companies. At Sandvik, we now have a powerful ...

The surface top hammer drill rig is equipped with T38/T45 shank allowing for drilling vertical, inclined and horizontal blast holes of 64-115mm diameter; It can realize economical drilling ...

Download MT800 Top Hammer Surface Drills Spec MT800 Top Hammer Surface Drills Introduction: Hardrock MT800 Top hammer drilling rig with telescopic ...

The TPR100 is a powerful and versatile drill rig that provides full hydraulic control in a surface setting. It utilizes an internal combustion engine and can rotate up to 360°; as well as provide ...

Sandvik top hammer drill bits offer extended wear life, higher penetration rates, straighter holes and longer bit life. Ranging from 28-152 mm in diameter, threaded button bits use a proprietary ...

Dino(TM) DC410R is a versatile top hammer drill rig designed for easy maneuverability in the toughest terrain. It's ideal for construction contractors, cramped conditions, quarries and ...

Top Hammer XL is the latest innovation in surface top hammer drilling from Sandvik Mining and Rock Solutions. The new, groundbreaking drilling system, targeting large-scale quarry and ...

ZEGA TOP-HAMMER AND DOWN-THE-HOLE DRILL RIGS Introducing the ZEGA Drill Rig, the

Surface top hammer drill rig

pinnacle of efficiency and precision in drilling technology. ...

Ranger(TM)DX600 is a hydraulic, self-propelled and crawler-based surface rig with an ergonomic cabin and rod handling system. Typical applications include ...

Pantera(TM) DP1610i is an intelligent, diesel-powered, self-propelled, crawler-based surface top hammer drill rig with a comfortable cabin and rod-changer. Designed for large hole size ...

This page provides you with SANDVIK Tiger DG710 Surface top hammer drill rig parameters, prices, pictures and other information. It is the main website for your SANDVIK Tiger DG710 ...

KAISHAN is a world leading manufacturer of rock drilling equipment since 1956. We offer various types of surface drill rigs, such as surface DTH drilling rigs ...

The surface top hammer drill rig has a frame with 0-180 degree rotation capability, enabling the coverage area of rock drilling to reach 26.5m; and making it versatile for various working ...

Unlike top hammer drills where the striking mechanism is at the surface, the DTH hammer is located at the bottom of the drill string, right behind the bit, which ensures highly ...

The TP-120H series surface top hammer drill rig is a versatile and efficient drilling solution designed for engineering and mining projects. With its telescopic ...

Content SWDH series fully hydraulic surface top hammer drilling rigs are equipped with high-efficiency hydraulic rock drills with counter-strike function ...

In top hammer drilling, the drill bit is directly impacted by a hammer located at the surface level, making it suitable for shallow holes with precise requirements. ...

Pantera(TM) DP1110i is a hydraulic, diesel-powered, self-propelled top hammer drill rig ideal for production in large quarries, open pit mines and construction sites. ...

It is mainly used for drilling hard or medium hard rocks and can drill blast holes with a diameter of 33-230 mm and a depth of 15-30 m. The ...

Optimize your drilling projects with our guide to Top Hammer Drilling. Learn what it is, how it works, and discover the essential drilling tools ...

Drilling is an important part of mining mines. The equipment used is mainly top hammer drilling rig or DTH drilling rig. These two are suitable for ...

Surface top hammer drill rig

The new Ranger DX800i is a member of our new Ranger DXi family. Featuring the most powerful rock drill in its class, Sandvik intelligence features and a ...

Pantera(TM) DP1510i is an intelligent, hydraulic, diesel-powered, self-propelled top hammer drill rig. Designed for large hole drilling, it is suited to production ...

Equipped rock drill with 20kw and most advanced drilling control system, together with the mechanical rod changer and anti-jamming design, which makes the ...

The Surface Top Hammer Drill Rig guarantees high productivity by incorporating the rock drill LD100 from Sandvik, which ensures impressive penetration rates. ...

SWDH series fully hydraulic surface top hammer drilling rigs are equipped with high-efficiency hydraulic rock drills with counter-strike function to reduce the ...

The surface top hammer drill rig has a frame with 0-180 degree rotation capability, enabling the coverage area of rock drilling to reach 26.5m²; and making it ...
