

The latest model of large down-the-hole drill rig

Leopard DI650i is a diesel powered, self-contained crawler mounted intelligent down-the-hole drill rig designed for demanding high-capacity production drilling applications in surface mining, as ...

Down-the-Hole refers to where the hammer action occurs when compared to drifter hammers, which hammer on top of the drill string. The DTH hammer piston always makes direct contact ...

The flushing drill fluid rises inside the drill rod and brings the drill cuttings to the surface. This technique can be used for soil or rock drilling. Down-the-Hole Drilling For very hard rock or to ...

Split Down-the-hole Drilling Rig ? ?,Configuration comparison ? ?,Operational ability ? ?,Differences in applicable scenarios Summary and suggestions If you ...

The Leopard DI650i down-the-hole (DTH) drill rig is designed for demanding high-capacity production drilling applications in surface mining, as well as large-scale quarry ...

A legend in the drilling industry Product description The DM45/50 rotary blasthole drill rig along with their big brother, the DML, are some of the most popular ...

The flushing drill fluid rises inside the drill rod and brings the drill cuttings to the surface. This technique can be used for soil or rock drilling. Down-the-Hole ...

1. Using its single power to drive the screw air compressor and drilling rig hydraulic system at the same time, compared with the separated DTH drilling ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

The integrated open-pit down-the-hole drilling vehicle is an advanced drilling equipment that integrates the down-the-hole drilling system and the screw air ...

Rockmore International manufactures the finest and most efficient Down-the-Hole (DTH) hammers and bits for the mining, construction & water well industries.

The KT20 integrated down the hole drill rig for open use is a new drilling device developed by our company after years of development and production of down the hole drill rig to meet the ...

The latest model of large down-the-hole drill rig

The down-the-hole drilling rig uses the impactor and the DTH drill bits submerged into the bottom of the hole to impact and crush the rock. Therefore, it is called ...

It adopts new hydraulic technology and is suitable for rock drilling in open-pit mining, road construction, water conservancy, power stations and other projects.

The down-the-hole drilling rig uses the impactor and the DTH drill bits submerged into the bottom of the hole to impact and crush the rock. Therefore, it is called down-the-hole drilling machine ...

With a 97,000 lb (43,998 kg)* bit load capacity, the durable Pit Viper 271 XC is designed for adaptability - so it easily fits into any drilling operation. The new Pit Viper 271 XC is one of the ...

CENTER ROCK products boast a formidable range of down-the-hole (DTH) hammers, presenting a suite of drills and downhole bits spanning 3.5" - 48" ...

The ZT10 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of ...

Sandvik Mining and Rock Technology has expanded its high-pressure DTH drill rig offering with a new model, the Leopard DI650i, designed for larger hole sizes. The Leopard ...

YG specialize in the production of DTH drilling machine. Ideal choice for blasting holes in limestone, bluestone, granite, soil, etc.

When it comes to drilling, down-the-hole hammer drilling is a game-changer. This innovative technique involves using a hammer to break the rock, making it ...

MWYX series products have the characteristics of high efficiency, environmental protection, energy saving and safety automatic drill change and powerful off ...

Drilling Supply blast-hole drilling rigs are designed to suit all your drilling needs ranging from civil and construction Blast Hole Drill Rig works to heavy-duty mining projects. Our rigs include ...

Sandvik Mining and Rock Technology expands its high-pressure DTH drill rig offering with a new model, Leopard DI650i, designed for larger ...

Using new hydraulic technology, low cost. The crawler is driven by a low-speed and large-torque hydraulic motor, which has a strong climbing ability and ...

Looking for a reliable and affordable down the hole drilling machine? YG Machinery offers complete DTH

The latest model of large down-the-hole drill rig

drilling solutions including rig, air compressor, drill tools, and after-sales support.

The small down the hole drilling rig offers hybrid motor-air performance, designed for efficient rock drilling in tight or steep areas. Click!
