

## Track mounted auger drill rig

What is an auger rig?

Auger units use flights to remove cuttings from the hole. Our rubber track mounted auger is a low clearance 2017 Acker Renegade. This rig has a 6' stroke and 8,000 ft lbs of torque. We advance 4" thru 14" diameter augers with this machine. Complete with an SPT hammer this unit is generally used for environmental or geotechnical investigations.

What is a track mounted drill rig?

Geotech operates a fleet of track mounted drill rigs throughout our operations. Outfitted with a track system, these rigs are perfect for difficult access locations, where access conditions are difficult. Our track rigs have been designed to service many industry sectors including; construction, mining, oilfield, dams, and pipeline investigation.

What is a good auger drill?

The CME-55LCX/300 is a very capable auger drill with compact rubber track drill mobility. The CME-850X can go places you can't even walk. The high flotation allows you to negotiate soft mud, deep snow or sand. Tracks with steel grousers give it aggressive climbing ability. And, the walking beam suspension easily climbs over rocks and fallen logs.

How much does a Comtrak Auger rig cost?

COMTRAK AUGER RIG (Ref#323Tb) POR CANTERRA 450 (Ref#11327) Manufactured 1991, Detroit diesel 285 hp deck engine, 625/220 GHH air compressor, mounted on 1991 Mack tandem axle truck with diesel engine, 5 x 6 mud pump, 4 leveling jacks, auger racks, hammer racks, good condition Price: \$155,000

How much does an auger rig cost?

How much does a Comtrak seismic auger drill cost?

COMTRAK SEISMIC AUGER DRILL (Ref#4544RB) Manufactured 2001, track mounted with 4 cyl Cummins engine, can drive from cab or rear, rebuilt Tempest 12 air compressor (less than 100 hours), 5' mast, handles 5' drill pipe, water drilling capabilities, 130 gallon water tank, new hydraulic pump, new tracks, many spare parts PRICE: \$37,500

TRACK MOUNTED RIGS Track mounted and equipped for hollow stem auger, mud rotary, down hole hammer, and rock coring. High Torque configuration for difficult drilling conditions and ...

## Track mounted auger drill rig

You get the torque you need for auger drilling, as well as rotation speeds over 745 rpm for rotary or core drilling applications. Other optional rotation speed ...

This rig is capable of drilling anything from large diameter augers to deep rotary jobs. The CME 95 can drill hole sizes up to 24 inches in diameter using hollow stem augers and can be ...

We carry an extensive line up of track-mounted and truck-mounted rental drill rigs as well as crawler carriers and support equipment. Our rental drill rigs are ...

CME 55 HT Track Rig (1) The CME 55 HT mounted on a rubber track Morooka is used to access remote and hard to reach locations. The wide rubber tracks spread the surface contact area ...

CME drill rigs are designed for auger drilling, rock coring, rotary core drilling, and even direct push work. Then there are various options to customize the rig to ...

MPP's new limited access geotechnical drill. This compact, rubber-tracked rig was designed to complete work on drill sites where access is limited and/or ...

In addition to providing our customers with auger drill rig rentals, Rig Source has auger drill rigs for sale in both truck and track mount. We have an experienced ...

The harsh Australian environment is no match for our track mounted drill rigs. We have multiple, top-of-the-line, track mounted drill rigs and track mounted ...

DA Smith's CME-55 drilling fleet includes versatile, self-contained vertical and angle-capable geotechnical rigs capable of both auger and core drilling. All rigs are rubber-tracked and can ...

Drill rigs and mineral exploration drilling equipment for CME rubber tire ATV, truck, track carrier, trailer and skid mounted geotechnical drilling rigs.

Mini drilling rig with rotary drill head, spt autohammer and push head for shelby tube, cpt, dmt, and auger anchors. Can be mounted on a pick-up truck.

2023 GTechdrill GT-6 - upgraded to GT-8 drill head, Tier 4 Final Stage 5 track mounted drill, Mud Rotary Wash / Hollow Stem Auger / Diamond bit Wireline ...

RIG 1 (CE180) TIGHT ACCESS track mounted The CE180 is a tight access multi-purpose rig, built in Australia The rig is fitted with 2 speed rotary head, atlas hammer for direct push tubing, ...

DA Smith's CME-55 drilling fleet includes versatile, self-contained vertical and angle-capable geotechnical rigs capable of both auger and core drilling. All ...

## Track mounted auger drill rig

Geotech operates a fleet of track mounted drill rigs throughout our operations. Outfitted with a track system, these rigs are perfect for difficult access ...

RIG 1 (CE180) TIGHT ACCESS track mounted The CE180 is a tight access multi-purpose rig, built in Australia The rig is fitted with 2 speed rotary head, atlas ...

With capabilities that include auger drilling, air & mud rotary, and rock coring, the 7822DT ensures efficiency across different terrains and subsurface conditions.

The flex track configuration allows for traction in otherwise suspect areas such as undulating ground and soft materials. The CME850X is designed to be a completely self-contained drilling ...

Looking for an Auger drill rig for sale in Australia? Rig Sales Australia offers a wide range of new and used drilling rigs. Browse our inventory

Track mounted geotechnical and environmental drill with air rotary, solid stem and hollow stem auger to depths of 75 - 300 feet (pending auger diameter and soil conditions).

As the heir to our popular SOIL-XLS drill rig, the Acker REBEL XL continues its legacy with added features and a new mid-sized track system. Like all Acker ...

Central Mine Equipment Company has been in business in St. Louis, Missouri since 1928. CME drilling rigs are mechanically driven multi-purpose machines ...

The Model 2100 is a medium size truck mounted drill unit that is fast, easy to operate and highly productive. This drill model is designed for mounting on an ...

The track-mounted Geoprobe 6712DT is our newest addition. It is equipped with the same powerful Geoprobe GH63 Hammer found on the larger 7822DT rig, but is much lighter with a ...

Track mounted drill rig options engineered to succeed off road. Track drill rigs for sale include geotech, combination, or direct push track drill rig.

You get the torque you need for auger drilling up to 15 inch holes, as well as rotation speeds over 665 rpm for rotary or core drilling applications. With 5 ...

Twin 72 inch (183 cm) stroke hydraulic feed cylinders are mounted in line with the drill spindle to give you precise control of force on the drilling tools. The split ...

CONVENTIONAL drilling rigs Rig ID: DR34 Model Hanjin D& B 8-D Mounting Track mounted Capability

## Track mounted auger drill rig
