

Truck drilling auger drill rigs for sale

What is Auger drilling?

Auger drilling is a method that uses a rotary drill with a helical screw blade (auger) to drill holes into the ground. This drilling technique creates a pilot hole and forms the path for a larger drill bit, allowing drillers to extract soil samples.

Does rig source offer auger drill rig rentals?

In addition to providing our customers with auger drill rig rentals, Rig Source has auger drill rigs for sale in both truck and track mount. We have an experienced team available to complete a variety of drilling services, including remounts of your existing auger drills if you find yourself needing a different mount option.
