

Unit drilling rig 201 specs

What is Rig 201?

It contains the first 4,000-horsepower draw works ever built, capable of holding 2 million pounds of pipe. The largest land derrick in the world, Rig 201 is well on its way to setting a record drilling depth of more than 33,000 feet. The rig's birthday party last June attracted a crowd of celebrities.

Can Rig 201 drill deeper than any rig in the world?

The drilling is taking place in the oil and gas rich Anadarko Basin, whose deep formations demand exceptionally large rigs. 'The specifications of Rig 201 make it capable of drilling deeper than any rig in the world,' said Henry Taliaferro, executive vice president of GHK, the firm leasing the rig.

How many rigs does Unit Drill?

Unit Drilling Company was founded in 1963 with three drilling rigs. Today, the company operates 14 onshore drilling rigs in various regions throughout the United States. Unit is focused on its core operating basins in Texas, Oklahoma, Louisiana, and New Mexico.

How much does a rig weigh?

The \$12 million rig weighs about 5 million pounds. It is capable of drilling 10 miles into the earth's crust. It contains the first 4,000-horsepower draw works ever built, capable of holding 2 million pounds of pipe. The largest land derrick in the world, Rig 201 is well on its way to setting a record drilling depth of more than 33,000 feet.

Who is unit drilling?

Unit is focused on its core operating basins in Texas, Oklahoma, Louisiana, and New Mexico. With over 60 years of experience, Unit Drilling offers super-spec, pad-optimal rigs with excellent crews. Unit prides itself in its rig crews and an unmatched level of professionalism.

What is a boss drilling rig?

In 2014, Unit debuted its proprietary designed BOSS drilling rig. This purpose-built, 1,500 horsepower, AC, super-spec rig combines the best technological innovations into a single rig to meet the market's ever-changing demands. Currently, Unit operates 14 BOSS drilling rigs in our core operating basins.

12 rows; Rig 201 is a 1500 HP SCR drilling unit (tested to 1800 HP) with a 142' mast, a hook load capacity of 1,000,000 lbs and a 700,000 lbs rotary load. It is equipped with a 24' swing-up style ...

Drillmec started first with the introduction of conventional land rigs that inculcated Massarenti & Branham-design. Today they are full range land rig packages with varied capacity and ...
