

Vacancy for drill rig operators

Who operates a drill rig?

Operator or Driller: A person operating the drill rig. They may also be the driver of the rig if it is a carrier mount.

Should rotary drill rig operators be trained?

"Mandatory training of rotary drill rig operators will provide better protection for both the operators of the equipment and also for the workers on construction sites in Ontario," said Mike Gallagher, business manager of Local 793 of the International Union of Operating Engineers.

Do drill rig operators need to be certified?

Drill rig operators will require mandatory training and certification following changes to Ontario legislation. Rotary foundation drill rigs are used for boring holes in soil in order to install foundations or earth retention structures.

Does Ontario have drill rig operator training requirements?

With the new requirements, Ontario is now a Canadian leader on drill rig operator training, said Kevin Flynn, Minister of Labour. No other jurisdiction in Canada has explicit training requirements for drill rig operators in their health and safety legislation.
