Browse hundreds of new and used Vermeer stump grinders, wood chippers, skid steers, trenchers, vertical and horizontal drills, and more for sale on MachineryTrader.com. Once you find the right machine, explore your heavy equipment financing options.

Who manufactures Vermeer directional drills?

Vermeer is a 71-year-old Iowa firm that manufactures a popular line of directional drills for utility work. Vermeer also fabricates stand-on, remote control and ride-on trenchers, as well as four mini-skid steers. This information is about Vermeer, not a Swedish company.

What is a Vermeer drilling fluid mix system?

Vermeer drilling fluid mix systems are comprehensively designed to mix fluid additives and control viscosity with ease. Whether your horizontal directional drill crew is installing electrical, fiber, gas or water, your drilling fluid mix system is critical in performing a successful bore.

Who makes Vermeer construction equipment?

Discover new and used construction equipment from family-owned manufacturer Vermeer for sale, including wood chippers, stump grinders, skid steers, and more. Seller: M1 NETWORKS, INC. Vermeer is recognized globally as a leading manufacturer of high-quality agricultural and industrial equipment.

What is Vermeer utility installation equipment?

Vermeer utility installation equipment provides versatility across multiple industries. Vermeer trenchers can be equipped with a variety of attachments and can be used to prepare the ground for the installation of underground utility lines, water pipes, electric cables, and telecommunication lines.

Who makes Vermeer stump grinders?

Vermeer has manufactured equipment for the removal and disposal of trees for the landscaping and forestry industries since developing the modern stump grinder in 1957. Vermeer stump grinders and cutters are designed with the Vermeer cutting system and SmartSweep control system to maximize productivity.
