

Viper drill rig

The Pit Viper 275 rotary blasthole drill rig has become a mining industry staple, thanks to its proven performance and reliability. With a 34 ton (75,000 lbs) bit load capacity, the durable PV ...

The Pit Viper 231 E features an insulated, pressurized cab with an air-ride operator seat -- providing high suspension comfort with excellent visibility. The large cab is equipped with Rig ...

Key benefits Highly efficient drilling The Pit Viper 351 is one of the most efficient rotary tricone drills available for drilling 10 5/8 in to 16 in (270 mm to 406 mm) diameter holes. The PV-351 ...

The applications and benefits of the Viper Drill(TM) EOR system are extensive and our technology has the potential to impact many problems facing oil and gas producers in a wide variety of ...

By contrast, Viper Drill removes material, leaving a large diameter, laminar flow tunnel back to your wellbore. Actually, we believe the perfect well completion scenario is to frack out of Viper ...

The Pit Viper 275 features an insulated, pressurized cab with an air-ride operator seat -- providing high suspension comfort with excellent visibility. The large cab is equipped with Rig ...

The drill rig offers 80,000 lbs (356 kN) of pulldown capacity, 35,000 lbf (156 kN) of pulldown force and 11,000 ft-lbs of torque. "The Pit Viper ...

The Pit Viper 235 is completely new mid-range blasthole rig from Atlas Copco Construction Mining. The rig is available in low pressure rotary or high ...

Highly efficient drilling The Pit Viper 351 is one of the most efficient rotary tricone drills available for drilling 10 5/8 in to 16 in (270 mm to 406 mm) diameter holes. The Pit Viper 351 can drill an ...

Designed for comfort With a 75,000 lb (34 tonnes) bit load capacity, the Pit Viper 271 can add unsurpassed productivity to your mining operations. The heavy and durable Pit Viper 271 can ...

Highly efficient drilling The Pit Viper 271 is one of the most productive drills available for rotary tricone and down-the-hole drilling of 6-3/4 in to 10-5/8 in (171 mm to 270 mm) diameter holes. ...

The Pit Viper 351 is one of the most efficient rotary tricone drills available for drilling 10 5/8 in to 16 in (270 mm to 406 mm) diameter holes. The PV-351 can ...

Epiroc has announced two additions to the Pit Viper blasthole drill rig family, the Pit Viper 231 E and Pit

Viper drill rig

Viper 235 E. The new electric-driven ...

The deck layout on the Pit Viper series offers easy access to all major service components. Ground-level, fast fuel fill connections are standard, and optional ground-level live sampling is ...

Epiroc's Pit Viper 235 rotary blasthole drilling rig is a flexible workhorse that can be configured in many different ways for a wide range of rotary and DTH ...

The Electric Pit Viper Drill Rig is a state-of-the-art, electric-driven drilling equipment by Epiroc. It's part of Epiroc's smart and green series, combining zero-emission technology, automation, and ...

Epiroc, a leading productivity partner for the mining and infrastructure industries, introduces the Pit Viper 291 blasthole drilling rig. The ...

Viper Drill's founding vision is the commercialization of a revolutionary system capable of consistently and reliably radial drilling virtually all rock formations Quick Links Home About Us ...

Epiroc's Pit Viper 235 rotary blasthole drilling rig is a flexible workhorse that can be configured in many different ways for a wide range of rotary and DTH drilling operations. A proven staple in ...

The Pit Viper 231 blasthole drill rig delivers a hole diameter of 6 in - 9-7/8 in (152 mm - 251 mm). The 53 ft tower is capable of single-pass depth of 53 ft (16.1 m) clean hole with the drill bit ...

Epiroc Pit Viper 291 single-pass rotary drill can drill 11- to 12 1/4-inch diameter holes with 85,000 pounds bit load capacity. The drill rig offers 80,000 lb.-ft. of ...

Viper Drill offers a mechanical radial drilling solution that enhances oil recovery and increases in-bound hydrocarbon flow. If you need a highly-affordable EOR ...

Available Now - two late model full mine spec 2021 Epiroc Pit Viper 231 drills. The replacement value for these drills is more than 4 Million Dollars. These ...

With a 97,000 lb (43,998 kg)* bit load capacity, the durable Pit Viper 271 XC is designed for adaptability - so it easily fits into any drilling operation. The new Pit Viper 271 XC is one of the ...

A combination of increased pulldown force, rotary torque, and 2600 cfm airend, the Pit Viper 291 drill rig is one of the most powerful drills for blasthole drilling. ...

Autonomous solutions that start as a safety initiative, quickly become an attractive investment when mining and drilling companies look at the financial benefits of ...

Viper drill rig

The Pit Viper 231 blasthole drill rig delivers a hole diameter of 6 in - 9-7/8 in (152 mm - 251 mm). The 53 ft tower is capable of single-pass depth of 53 ft (16.1 ...

Epiroc Pit Viper 291 single-pass rotary drill can drill 11- to 12 1/4-inch diameter holes with 85,000 pounds bit load capacity. The drill rig offers 80,000 lb.-ft. of ...
