

Double head system The GEO 602 GT version was designed to meet the needs of customers working in the field of geothermal engineering who wish to utilize ...

The GEO 602 is a compact and powerful drilling rig suitable for many geotechnical works. This rig incorporates a particularly flexible design and can accommodate many accessories, thus ...

Suitable for specialized works of civil engineering such as micropiles, anchors and ground consolidations, as well as geognostic-environmental soil investigations and core drilling, The ...

The GEO 900 was conceived as a mid-size hydraulic drilling rig for geotechnical works. This rig incorporates a particularly flexible design and accommodates ...

Comacchio Drilling and Pile Driving Rig Brochures The Comacchio drilling rigs are suitable for several types of specialized works including ground consolidation, anchor drilling, geotechnical ...

Thanks to our dense network of contacts, from Eastern Europe to North Africa to South America, those who rely on us multiply opportunities in the sale and purchase of used machinery.

THE WINNING SOLUTION FOR A SOLID FOUNDATION With almost 40 models ranging from 2 to 40 tons, the Comacchio MC line offers the industry's most comprehensive line up of drilling ...

Heavy duty Developed as the heavy duty version of the MC 28, the MC 28 HD is a very compact and powerful drill rig. It is the ultimate solution to take heavy ...

The document discusses the Comacchio MC 1200 drilling rig. It states that the MC Line from Comacchio includes drilling rigs with hydraulic power packs onboard or separate, capable of a ...

Used Comacchio MC1200 Micro Piling Rig for sale. 5,000 Hours 2.500 - 4.000 mm Mast Feed 55kN Feed Force 55kN Retract Force 80-290rpm Rotary Drill Speed 45-420mm Clamp Range ...

Comacchio GEO line rigs can adapt to virtually any rotary drilling application, as well as rotary percussion drilling techniques, in all geological formations. ...

The double head system, designed for simultaneous drilling and casing, not only stabilizes the borehole, but allows to drill safer and faster, improving spoils handling (thus reducing ...

The Comacchio CX line includes a diversified selection of models, ranging from lightweight and compact

Weight of a commacchio 1200 drill rig

units, suitable for exploration drilling up to 1000 m depth with NQ rods, to heavy ...

The MC 8 is an extremely versatile and powerful small/medium size hydraulic drilling rig, designed for civil engineering works such as micropiles, anchors, ...

Hydraulic crawler mounted drilling rigs, in a weight range from 10 to 22 tonnes, designed and built for Diamond Core Drilling (wireline core drilling) or Reverse ...

Contact us Bored piles - CFA - Soil stabilization - Anchors - Geotechnics Water wells - Geothermal - Special works Via Callalta, 24/B - 31039 Riese Pio X ...

The Comacchio MC 1200 and MC 1200P models were chosen for a job requiring shallow micropiles. The document provides information about the specifications and applications of the ...

Multipurpose drill rig COMACCHIO MC600 with ROLLSTAR hydraulic motor engine on drill head Rig is dedicated for micropiling, core drilling, geothermal, water wells Very nice ...

Hammer & Steel sell and leases Comacchio MC 14 drilling rigs for projects including ground consolidation, geotechnical work, and anchor drilling.

MC 12 Patented mast articulation system The MC 12 is a versatile and powerful hydraulic drilling rig, designed for civil engineering works such as micropiles, ...

The MC 12 P is a versatile and powerful hydraulic drilling rig covering a wide range of engineering works such as micropiles, anchors, soil nailing and ...

Weight of a commacchio 1200 drill rig
