

## What are the down-the-hole drill rig rental companies in New Zealand

Which drilling rig is best in New Zealand?

The FR130X drilling rig is a great all round machine and is in New Zealand. This machine weighs 43ton and can be transported with the Kelly bar on. It is 130kn torque. This unit has CFA and displacement equipment in the country. For more specs on the unit see the spec sheet. The FY10 is a very small unit for tight spaces.

Which drilling rig is right for your foundation project?

At Pilehire, we offer a diverse range of drill rigs to tackle any foundation project, whether you're working in confined spaces or tackling large-scale drilling operations. From compact units for restricted sites to heavy-duty foundation drilling equipment, we've got the right rig for the job. The KR40 drilling rig is in New Zealand.

Which drilling rigs are best for tight access areas?

For jobs in tight access areas, we have smaller, highly manoeuvrable options. The FY10 is a 6.1-ton drilling rig that handles 10m depths, while the FY45 and FR35 offer more power while remaining compact, making them perfect for sites where space is at a premium.

What types of drilling services are available?

Our extensive range of drilling services include Reverse Circulation, Sonic Drilling, Diamond Coring, Air Core Drilling, Water Bores, Test Pumping, Soak Pits, Offal Holes, Horizontal Drainage, Geothermal, Driven Piles, Large Diameter Cased Piles and Pre-Collars.

Which rig is best for a 10m drilling rig?

The FY10 is a 6.1-ton drilling rig that handles 10m depths, while the FY45 and FR35 offer more power while remaining compact, making them perfect for sites where space is at a premium. Not sure which of our range is best for you?

Who is Niederer drilling?

Niederer Drilling is a highly experienced and professional drilling business. The current knowledge and skills base means we don't just drill the holes but know what they are for and what the job involves. We observe and correct drilling practices that could affect the job's progress and we report additional information to those involved.
