

Wuxue down-the-hole anchor drilling rig model

What is a down the hole drilling rig?

Down the hole drilling rig is an impact rotary drilling rig. Its internal structure is different from that of a general rock drill.

Can ygm40 anchor drill rig be operated remotely?

The anchor drill rig can be operated remotely. So as to effectively protect the safety of the operator. YGMG40 anchor drilling machine adopts a Cycloidal slewing motor. The whole machine has stable and reliable performance and long service life. The anchor drill machine has a wide application range and strong drilling ability.

What is YG anchor drilling machine?

The slope protection type crawler anchor drilling machine has a reasonable structure design and a wide adjustable angle to meet diversified drilling operations. YG anchor drilling machine adopts silent processing, with low noise and no pollution, which is suitable for urban construction.

What is a down-the-hole drilling machine?

The down-the-hole drilling machine is suitable for large-diameter blast hole rock drilling operations in small and medium-sized mines, road construction, water conservancy, and stonework, as well as drilling anchor holes in slope support, tunnel support, and foundation pit support. The main drilling object is a rock formation.

What is an anchor drilling machine?

An anchor drilling machine is mainly used in landslides and dangerous rock mass anchoring projects in the prevention and control of various geological disasters in hydropower stations, railways, and highways. The anchor drilling machine is especially suitable for high-slope rock mass anchoring projects.

What is ygm40 anchor drilling machine used for?

YGMG40 anchor drilling machine is mainly used for the construction of anchor holes, drainage holes, and grouting holes in railways, and highways. Hydropower landslide treatment projects, and dangerous rock anchoring projects. And the construction of blasting holes in blasting engineering and tunnel pipe shed support holes.

Product Description JL-430s Down the hole anchor drill rig is a diesel and electric dual-use model, which can be power switched at any time. Equipped with ...

We're well-known as one of the leading drill rig, anchor drill rig, rock drill rig, hammer drill rig, down the hole drill rigs manufacturers and suppliers in China.

Wuxue down-the-hole anchor drilling rig model

ABSTRACT Since their first production application in Sweden in 1995, water-powered, down-the-hole hammers (WDTH) have been used throughout the world in many different drilling ...

Crawler anchor drilling rig is a new type of highly efficient and fast mechanized hydraulic operation drilling equipment independently developed and manufactured by our company. The drilling rig ...

The anchor drilling rig is mainly used in landslide and dangerous rock mass anchoring projects to prevent and control various geological disasters of ...

The Foundation Pit Support Anchor Engineering Drilling Rig is crucial for ensuring the stability and safety of construction projects. By securely anchoring ...

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry ...

We're professional down the hole drilling manufacturers and suppliers in China, specialized in providing high quality customized service. We warmly welcome you to wholesale down the ...

Small Pneumatic Down The Hole Anchor Drilling Rig Rock DTH Rotary Drilling Rig for Slope Mining, Find Details and Price about Drilling Rig Drill Rig from Small Pneumatic Down The ...

Down-the-Hole (DTH) drilling is a technique used to create deep, precise holes in hard rock and challenging ground conditions. In this method, ...

Down the hole (DTH) drilling rig is the equipment that the impactor dives into the hole and directly impacts the drill bit, while the rotary machine drives the drilling hole to rotate and drill to the ore ...

Established in June, 2003, Lanteky Machine is a professional manufacturer and supplier of engineering machinery. We are specialized in MD series anchor drilling rigs, MDL series ...

Anchor drilling machine (Anchor drilling machine) is a kind of high efficient drilling equipment used for foundation reinforcement, slope stabilization and tunnel support, which is specially ...

Split Down-the-hole Drilling Rig Configuration comparison,Operational ability,Differences in applicable scenarios Summary and suggestions If you ...

Anchor rigs have many common names, such as bolt drills, rock drills, bolt percussion drills and so on. The powerhead is an integrated design of impact and rotation and has the function of ...

You can also filter out items that offer free shipping, fast delivery or free return to narrow down your search

Wuxue down-the-hole anchor drilling rig model

for Anchor Drilling Rigs FOR FOUNDATION! Need more help to find the most ...

Our products are widely used in the scope of mining, water well drilling and exploration, anchor grouting project, side slope protection engineering, oil and gas engineering, underwater rock ...

The YGS series down the hole drilling machine are heavy-duty crawler drilling rigs developed by YG Machinery for high-intensity geological environments, which are suitable for hard rock, ...

The excellent drilling performance of the YG anchor drilling rig has been recognized by the majority of construction units and peers. YG Machinery has specialized in selling anchor ...

Pdkj729s Fully Hydraulic Multi-Function Crawler Split Type Anchor Drilling Rig, Find Details and Price about Down The Hole Drill Rig Hydraulic Drill Rig from Pdkj729s Fully ...

YG integrated down the hole drill rig is highly efficient, energy-saving and powerful, suitable for a variety of complex working conditions.

Henan Yugong Machinery has been devoted to the development and improvement of drilling rigs for 17 years. The main sales products are anchor rig, piling rig (foundation drilling rig), vibro ...

An integrated down the hole drilling machine, also known as a one-piece drill rig, or crawler DTH drilling rig is a powerful and versatile machine used in the ...

The drilling rig can be interchanged between down-the-hole and top-hammer drilling to meet different application needs. And it is easy to transport due to its compact dimensions.

MININGWELL is one of the most professional down the hole drilling manufacturers and suppliers in China, featured by quality products and good price. Welcome to buy discount down the hole ...

Down the hole (DTH) drilling rig is the equipment that the impactor dives into the hole and directly impacts the drill bit, while the rotary machine drives the ...

Are you curious about the world of down-the-hole (DTH) drilling and its impact on mining operations? Look no further! In this article, we will delve into the fascinating world of DTH ...

Built specifically for slope and hillside stabilization, this DTH rig is perfect for rock anchoring, soil nailing, and reinforcement tasks. Its adjustable drilling head makes it easy to ...
