

Yili micro down-the-hole drill rig sales

Who makes the best DTH drilling rigs?

As one of the most professional DTH drilling rig manufacturers, YG Machinery has developed and produced a series of down-the-hole drilling rigs of different models. And almost all have become hot-selling models. In addition, our down-the-hole drilling rigs are sold to many countries and regions in the world.

What is a YGL drill rig?

YGL type low-pressure crawler DTH drilling machine: left and right walking pressure: 13~14MPa, advancing pressure 10~11MPa, rotation pressure 8~9MPa. YGM type medium-pressure down-the-hole drill rig: left and right walking pressure: 17~18MPa, advancing pressure 12~16MPa, rotation pressure 10~14MPa.

What is a down-the-hole drill rig?

The rock drilling principle of a down-the-hole drill machine is the same as a heavy-duty rock drill rig. The difference is that the impact mechanism of the down-the-hole drill - is a down-the-hole impactor. It is installed at the front end of the drill rod, and at the bottom of the manhole.

What are the different types of drilling rig machines?

Climbing ability (Max.) According to the walking mode, it can be divided into small-legged down-the-hole drilling rig machines: SKD70-100-120, SKQ70-100-120, and large crawler type down-the-hole drilling rig machines: SKL100T 130/ SKM150T 153/SKH320.

What is a DTH drill machine?

And national defense construction. Compared with common rock drills, DTH drill equipment has the characteristics of deep drilling holes, large drilling diameters, high drilling efficiency, and wide application range. The crawler down-the-hole drill machine is currently a large-scale rock drilling equipment in general use.

What is a crawler down-the-hole drill machine?

The crawler down-the-hole drill machine is currently a large-scale rock drilling equipment in general use. The down-the-hole drill rigs are actually rotary percussion drill equipment. The impactor is directly submerged into the bottom of the hole to drill the rock.

The MR-5 ID is a hydraulic drilling unit for using 2? or 3? down-the-hole hammer, or rock drill weighing 58 kg with separate right and left rotation, provided with ...

The DTH drilling rig (down-the-hole) is a highly efficient rock drilling equipment used in open-pit mines, stonework projects, road construction, and other scenarios. It is also called a shallow ...

Search for 2023 best down-the-hole drilling rig, DTH drilling rig for sale in YG Machinery manufacturer with

factory price. [Click here now!](#)

Yili micro down-the-hole drill rig sales

Smith Capital Equipment has been manufacturing Auger and DTH drill rigs for over 4 decades and our products include augering and down-the-hole rigs. Typically these are mounted onto ...

A down-the-hole drill, usually called DTH Drilling Rig, is basically a mini jackhammer screwed on the bottom of a drill string. The speedy hammer ...

Geotechnical drilling rigs are used for a wide range of site investigations including window sampling, dynamic probing, SPT, hollow stem auguring, coring and more. Geotechnical drilling ...

1.Product Description XDH-110/XDD-110 hydraulic DTH drilling rig is widely applied to road, national defence, water conservancy, open-pit mine small blast-hole...

Easy maneuverability with our Drilling Rig For Sale. We design reliable, low-maintenance and powerful rigs that consistently outperform the competition. Our water well rigs are equipped ...

Leading Manufacturer of Down-the-Hole (DTH) Drilling Equipment for Mining, Construction & Water Wells. Premium products at fair prices. [Get a Quote Today!](#)

The YGS series down the hole drilling machine are heavy-duty crawler drilling rigs developed by YG Machinery for high-intensity geological environments, which are suitable for hard rock, ...

Looking for a good deal on down the hole drilling rigs? Explore a wide range of the best down the hole drilling rigs on AliExpress to find one that suits you! Besides good quality brands, you'll ...

An integrated down the hole drilling machine, also known as a one-piece drill rig, or crawler DTH drilling rig is a powerful and versatile machine used in the ...

Low investment cost and quick return on investment: Compared with the crawler drilling truck, the small DTH drilling rig has low acquisition cost, which is very suitable for small and medium ...

DTH drilling, also known as Down-the-Hole drilling, is a method used to drill boreholes into the earth's surface. This technique involves a hammer that is ...

The MR-5 ID is a hydraulic drilling unit for using 2" or 3" down-the-hole hammer, or rock drill weighing 58 kg with separate right and left rotation, provided with a hydraulic power pack ...

Down the hole drill rig, also known as DTH drilling machine, is applied in mining, engineering, quarrying, geotechnical investigations, etc.

Yili micro down-the-hole drill rig sales

Down the hole drill rig, or DTH drilling rig, is a specialized drilling machine designed to operate with a drill bit that is directly powered and rotated within the borehole.

Use of Hydraulic DTH Drilling Machine for Sale In the field of mining, the crawler DTH drilling rig is the "main pioneer" of open-pit mines. It can quickly drill blast holes up to tens of meters deep ...

Search for used crawler mounted drilling rigs. Find Atlas-Copco, Sandvik, Spiradrill, Comacchio, and Casagrande for sale on Machinio.

The "Down-the-Hole" or DTH hammer is used for drilling holes through a wide range of rock types, the variety of which continues to extend well beyond the original conception of early blast hole ...

CENTER ROCK products boast a formidable range of down-the-hole (DTH) hammers, presenting a suite of drills and downhole bits spanning 3.5"- 48" ...

Manufacturers design small DTH rigs to be lightweight and portable, enabling easy transport between job sites. You can move them by truck or tow them behind a vehicle, making these ...

The history of the down-the-hole hammer manufacturing goes back more than four decades. For the past 40 years and still today, our goal is to produce the ...

YG specialize in the production of DTH drilling machine. Ideal choice for blasting holes in limestone, bluestone, granite, soil, etc.

DOWN THE HOLE DRILLSC615 DDTH Drilling SeriesDiameter : 3.5" (89mm) to 6" (152.4mm)Single pass depth : 13.12 ft (4m)Multi pass depth : 52.5 ft (16m)Application :Mining, ...

Search for used small down the hole drilling rig. Find Kerex, Leadcrete, HengWang, Zhongtuo, Anbit, Atlas-Copco, Boyles, and Sandvik for sale on Machinio.

The KG726III/KG726HIII down the hole drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped with the Yuchai engine, the ...

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry ...

Explore a wide range of high-quality blasthole drill rigs for mineral exploration and surface mining. Used drilling equipment, expert brokering services.
