

Yt-26 rock drill

YT28 air leg rock drill is mainly used for blasting holes and other drilling works in a quarries, railway construction, water conservancy construction and defence project facility.

YT24 is a kind of heavy and powerful rock drilling machinery with low air consumption. Mainly used in construction sites, various types of mines, railways, water conservancy construction ...

The YT28 air leg rock drill is most suitable for dry drilling downward and inclined blast holes in medium hard and hard rock with a hardness of F8-18. An ideal ...

Y26 Hand-held rock drill, with the features of small, light-weight, and low air consumption. It could drill rock in a dry way, which is suitable for drilling vertical ...

The YT29A Air-Leg Rock Drill is a new generation of high-efficiency pneumatic machinery designed for the most demanding drilling operations. It is the premier choice for roadway ...

YT 27 Pneumatic Rock Drills YT27 is a highly efficient pusher leg rock drill. It is mainly used in either rock drilling work such as mining and tunneling, or in ...

The air-leg rock drill is installed on the air leg for operation, and the air leg can play the role of support and propulsion, which reduces the labor intensity of ...

Hand Held Rock Drilling Machine can be used to dig dry or wet by horizontal holes, vertical holes or angling holes on medium-hard rock or hard rock. Widely used in mines, railway, irrigation ...

Quality Air-leg Rock Drills manufacturers & exporter - buy Yt24 Horizontal Pneumatic Airleg Rock Drill Machine from China manufacturer.

Y Application YT series hand held rock drill, feather small volume, light weight, and low air consumption, can drill rock in dry. It is suitable for drilling vertical downward or gradient ...

Compared with other rock drills, YT24 adopts the latest designing technology, with the superiority of its high speed, low failure rate, durable wearing parts, ...

YT28(Air-leg)rock drill Our YT Air-leg rock drill machines has so many different models, including YT23, YT24, YT27, YT28, YT28A and YT29A. They are applied for wet drilling and ...

YT24 air leg rock drill is a high efficiency rock drilling machine. It widely used in rock drilling blasting holes,

Yt-26 rock drill

it's very important to coal mine, railway traffic, ...

The air-leg rock drill is installed on the air leg for operation, and the air leg can play the role of support and propulsion, which reduces the labor intensity of the operator, and the rock drilling ...

Rock drilling tools manufacturer ProDrill: Model No. YT27 Pusher Leg Rock Drills applied for underground mining, drifting. It's one of the major quarry rock drills. ...

YT27 air leg rock drilling machine is suitable for drilling horizontal or tip-tilted blastholes in solid rocks as well as vertical bolt holes on the roof. YT27 air leg ...

Description Yt28 air leg rock drill Model: YT28 Working Pressure: 0.4-0.63 MPa Impact Frequency: ≥ 37 Hz Air Pipe Inner Diameter: 25 mm Air Consumption: ≤ 81 L/s Piston Stroke: ...

The YT29A rock drill is the most rugged, powerful and highly efficient rock drill in the range. It provides improved productivity and drill steel economy and can ...

Our pusher legs and stoper rock drills cover all construction, tunnelling and mining applications in different rock formations. They are robust designed, with high impact energy and low air ...

All of the rock drills have water flushing, rifle bar rotation and the pusher leg control is placed at the back head of the rock drill. An in-line lubricator is included in the delivery of each rock drill. ...

High Quality Yt-26 Hand Held Pneumatic Rock Drill Jack Hammer For Sale, Find Complete Details about High Quality Yt-26 Hand Held Pneumatic Rock Drill Jack Hammer For Sale,Jack ...

YT24 air leg rock drills are particularly designed for hole blasting in small or medium-sized mines and wet drilling horizontally or at a tilting angle. Mainly used in construction sites, various types ...

The video underscores the drill's precision and reliability under real-world conditions. Watch the demo, and explore how the YT Series enhances ...

YT28 air-leg rock drill is a new type of high-speed rock drilling machinery, mainly suitable for railway, highway, mining and other roadway excavation and ...

YT Series Pneumatic Rock Drills are mainly used in construction sites, various types of mines, railways, water conservancy construction and national defense ...
