What is YG series water well drilling machine?

YG series water well drilling machine is a light, efficient, and multifunctional water well drilling equipment. Powered by diesel engines, water well drilling rigs are mainly suitable for drilling water wells, agricultural irrigation wells, and other wells.

What is a hydraulic water well drilling rig?

A hydraulic water well drilling rig is a kind of high-efficiency and multi-function drilling equipment that is mainly used for drilling wells, agricultural irrigation wells, ground source heat pump wells, and some other types of wells, especially suitable for water intake projects in mountainous areas and rock formations.

Which rig is best for water well drilling?

As a self-propelled core drilling rig, the XYX-3 trailer-mounted water well drilling machine in YG is another popular tractor-mounted drilling rig. The price of XYX-3 is a little high, but it's also more efficient and the drilling depth can reach 600m simultaneously. Therefore, it is more suitable for large drilling projects.

What are the different types of water well drilling machine?

According to the system compositions, we can divide the water well drilling machine into three types: rotary water well drilling rig, impact water well drilling machine, and compound water well drilling rig for sale.

Do YG water well drilling rigs need air compressors?

This series of water well drilling machines use new hydraulic technology, supporting large-torque hydraulic motor rotation and large-bore hydraulic cylinder propulsion. All YG water well drilling rigs for sale need work with air compressors. Contact us to get the water drilling rig's price right now. Crawler Type Large YG Water Well Drilling Rigs
